

TABLET FROM WRECK OF BATTLESHIP MAINE

Will be Donated to City of Lowell by Congressman John Jacob Rogers

Lowell is to have a bronze tablet made from the wreck of the Maine. It will be donated by Congressman John Jacob Rogers. Last year, by act of congress, the secretaries of war and

JOHN J. ROGERS

of the navy were authorized to have these tablets made in commemoration of the great disaster of 18 years ago, and the first impression of these tablets reached the navy department a few days ago. It was viewed by Congressman Rogers, and the congressman lost no time in addressing a letter to Mayor

O.M.I. CADETS TO MEET COUNTY COMMISSIONER

Will March to Home of Robert F. Marden Noted Late T.J. Mulligan

The O. M. I. Cadets will hold a special meeting in the Immaculate Conception school hall at 7.30 o'clock this evening. They will wear their blue uniforms and hats, and after formation will march to the home of the late Thomas J. Mulligan on Pleasant street, and offer prayer for the repose of his soul. The little soldiers deeply feel the loss of Mr. Mulligan, who was a great admirer of their organization, and who assisted their chaplain, Rev. D. A. Sullivan, O. M. I., in all matters of interest to the cadets. At their regular meeting last Wednesday evening, the Cadets, led by Fr. Sullivan, offered public prayer for the repose of Mr. Mulligan's soul.

Commissioner James E. Donnelly will be ready to lay the granite blocks into the cement in Church street by Monday next, he says, and within a short time thereafter the street will be in proper shape. By Monday, too, he will have a range of men at work on the portion of Pawtucket street which was started last year by Commissioner Brown, but which was not finished.

Belts For Firemen
Chief Edward F. Saunders of the fire department has advocated the purchase of fire belts for the ladder companies in the department. The belts in question are now in use by all of the larger departments in the country, and are for the purpose of allowing a nozzle-man to work on a ladder without any fear of losing his balance and falling. The belts are equipped with strong clasps, allowing the belt to be fastened onto any rung of the ladder.

MIDDLESEX COUNTY W. C. T. U.

Held Institute at Westford—Miss Hughes of New Zealand Interviewed by Sun Reporter

The spring convention and institute of the Middlesex County Women's Christian Temperance Union was held yesterday at the Union Congregational church in Westford. There was a large attendance and the meeting was a very interesting one. About 150 delegates attended, coming from the following places, where there are branches of the Union: South Acton, West Acton, Arlington, Ayer, Cambridge, Concord, Concord Junction, Littleton, Lowell, Malden, Maynard, Medford, Melrose, Newton, West Newton, Peppercell, Reading, Somerville, West Somerville, Stoneham, Watertown, Wellesley Hills, Winchester, Woburn and Westford. A feature of the day was an address by Miss Anderson-Hughes of New Zealand, who has made a name for herself in Australia and Great Britain as a lecturer on temperance and prohibition. She went from New Zealand to Australia to assist the cause there, and has lectured in every state in the Commonwealth.

Miss Hughes was interviewed by a reporter of The Sun previous to the afternoon session, and she proved to be a very interesting young woman. She related part of her travels, and in the course of the interview it was brought out that after spending four years in Australia Miss Hughes went to the United Kingdom, where she spent two years. There she shared the temperance platform with such stalwarts as Rev. Dr. Clifford Sylvester, Horne, Scott, Lidgett, F. B. Meyer and Sir Thomas Whittaker.

On the last day of the life of King Edward VII Miss Hughes spoke at a meeting presided over by the archbishop of Canterbury. The meeting was interrupted by the departure of the archbishop in response to a call to attend the death of the king.

Miss Hughes had the honor of forming the first women's "Catch My Pal" society, she being chosen to go to Ireland from England when a lady was needed to assist the Rev. Mr. Patterson in his great movement. She is an ardent member of the Woman's Christian Temperance Union, and addressed the World's Woman's Christian Temperance Union congress in Scotland. As a result of the speech she received an invitation from the American women to tour the United States, and would have done so had not the secretary of the New Zealand alliance called to her to come home and help to the campaign. During her travels Miss Hughes

OLIVE TABLETS OIL THE BOWELS

A Physician's Substitute for Dangerous Calomel

When you feel that your liver and bowels need help, take Dr. Edwards' Olive Tablets. Substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects.

Olive Tablets are especially made to take the place of Calomel. Dr. Edwards for years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice, treating patients for all kinds of liver and bowel complaints. In his efforts to do without Calomel he developed his now famous little olive-oil-colored tablets. Olive Tablets are mild but effective. Safe and sure. Pleasant to take but unfailing in results.

Olive Tablets oil the bowels just enough to start Nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil.

If you want to regain that feeling of joyous buoyancy and clear thought take Dr. Edwards' Olive Tablets. They work like a vacation. 10 and 25 cents per box.

"Every little Olive Tablet has a movement all its own."

The Olive Tablet Co., Columbus, O.

visited Egypt and Palestine, and gives her experiences of these places in a popular lantern lecture, which is of popular interest to Bible students, who are desiring a correct idea of Palestine today.

Present also at the convention today were the following county officers of the Union:

Mrs. Abby F. Rolfe, Concord, president; Mrs. Grace M. Hamilton, Winchester, vice-president; Mrs. Augusta R. Brigham, Malden, secretary; Dr. N. Louise Rand, West Newton, assistant secretary; Miss G. A. Richardson, Braintree, treasurer.

The convention was opened, at 10 o'clock by the county president, who introduced Mrs. Janet Wright, president of the Westford W. C. T. U., who delivered a brief address of welcome in the course of which she paid a flattering compliment to the speaker of the day as well as to the other guests at the meeting. She welcomed to the

MRS. KATHERINE LENT STEVENSON.

town of Westford, and assured the delegates they could all feel at home while in the town.

The next speaker was Rev. David Wallace, pastor of the Union Congregational church, who spoke on the good work of the church toward the union. His remarks were well received. Mrs. J. T. Underhill, president of the Melrose W. C. T. U., spoke in behalf of the county and her remarks were very interesting.

The secretary then read the records of the last meeting and also gave a very descriptive account of the observance of the 10th anniversary of the union which was held in Lowell last February. The following committees were then appointed: Mrs. Janet Wright, committee on courtesies; Mrs. Augusta R. Brigham and Miss Fannie Loring, committee on subscriptions for papers.

The next number on the program was a very interesting address by Mrs. Charles W. Jones, who spoke on "Evangelistic Work." She told how the Evangelists helped in building up the union, saying that during the first year there was no speaker outside of the Evangelist church.

Other speakers were: Mrs. M. W. C. Bent, "Sabbath Observance"; Mrs. Susan A. Johnson, "Franchise"; Mrs. Abby F. Rolfe, "Mothers' Meetings"; Rev. Mr. Wallace presided over the quiet hour and noontide prayer, and then the meeting adjourned till the afternoon.

A reception was held, during which time the delegates were introduced to the state officers and distinguished guests, and this was followed by a dinner, the same being served in the upper hall of the church, a hymn being rendered by the entire congregation previous to the meal.

The afternoon session was opened by a service of song led by Mrs. Hogan, the entire congregation joining in. This was followed by devotional service by Rev. Mr. Weeks, pastor of the Unitarian church of Westford.

Mrs. G. A. Richardson, county treasurer, gave a report of the financial condition of the union and said report was received with applause for it showed a substantial amount in the treasury. An interesting address on "Loyal Temperance Legion" was delivered by Mrs. Isabel G. Buritt, and a rousing speech was given by Dr. N. Louise Rand, who took for her subject, "Medical Temperance and Anti-Narcotics."

Mrs. Blaney rendered a fine vocal selection. Her number was followed by Miss Anderson-Hughes of the New Zealand W. C. T. U., who spoke on

"How New Zealand Gained the Right to Adopt Many Measures for Home Improvements, namely, the local option measure now in use for the past 19 years. With this measure," said the speaker, "three-fifths of the majority is required either in local districts or whole districts for prohibition. Our vote comes every three years. We have two cards to vote upon, one for local option and another for local license. If the whole nation gives a vote of 99 per cent in favor of prohibition, the entire country goes dry. The total vote 13 months ago for prohibition was 98 per cent, making four per cent short to

put the entire country on prohibition grounds. In the event of a district going dry, it requires a three-fifth vote to bring it back to license, and as far as I know there is no place in New Zealand that has ever gone back after no-license had been voted by women. Our laws are always well enforced without any difficulty, and the result is that the prisons are practically empty, while benevolent societies have closed their quarters."

Miss Hughes then gave a thorough description of the method of voting in New Zealand and she also spoke on the mode of living in this faraway country.

WOMAN SHOT AS SHE ROCKS BABY

Enraged Suitor Fires Three Shots at Woman and Then Kills Himself

WORCESTER, May 16.—While Mrs. May Buxton sat in the dining room of her Lane Terrace home last night, looking to sleep her two-year-old baby girl, William G. Bemis entered the room, drew from his pocket a .38-caliber army revolver and fired three shots at the woman, all of which entered her body and probably will cause her death.

He then turned the gun upon Mrs. Frank A. Robbins, mother of Mrs. Buxton. The cartridge failed to explode, and as Mrs. Robbins rushed from the room with the baby, Bemis ran up stairs and put a bullet through his own heart.

Was Deeply in Love
Bemis, who deserted his wife and two children 10 years ago has lived at the Buxton home for three years. Mrs. Buxton is a divorcee. Bemis was known in Worcester by the name of "Strait" and was employed as a teamster by a local ice company.

According to neighbors, Bemis was deeply in love with Mrs. Buxton, and it was her refusal to listen to his pleadings that caused the shooting. The Buxton home, on Lane terrace, is in the center of the exclusive residential section of the city.

Bemis left his work late yesterday afternoon and came to the Buxton home. It is said that he demanded that Mrs. Buxton see the city with him, as his wife had learned of his presence there. Upon her refusal to do so, he became enraged. He rushed out of doors, then returned to the house and entered the apartment of Mrs. Robbins.

He brought the latter to use her influence in persuading her daughter to go with him. Her refusal to aid him the more enraged the man.

"May will go with me, or there'll be a lot of sorry people in this neighborhood," he declared as he left the house.

May Was Ill
When he had gone, Mrs. Robbins communicated this threat to her daughter, Mrs. Buxton. They discussed

the advisability of seeking police protection from the man, but decided they could handle the affair without gaining notoriety.

As the women were talking, baby Ruth, who had been ill, became fretful. Hearing the child might need the care of a physician, Mrs. Buxton went to the bedroom. She found her little girl had become restless, after having been awakened by Bemis' exclamations.

Mrs. Buxton took the baby in her arms and carried her to the dining room, where the two women resumed their talk. Baby Ruth began to cry, and her mother, to quiet her, began rocking her to sleep.

It was while she was singing that Bemis entered the room. Stealthily he had climbed the back stairs and had entered the kitchen through an open window. As he came to the dining room he paused.

"Well, May, my dear, what have you got to say for yourself now?" he asked Mrs. Buxton.

The latter attempted to reason with him. She explained the position they would be in should she go away with him and asked him to wait at least until he could secure freedom from his wife.

Drew Revolver and Fired
Her words failed to affect him and without the slightest warning he drew the revolver from his pocket and fired. The first bullet struck her in the left forearm, which entered the baby's head. He fired twice more and both bullets lodged in the woman's left breast.

Mrs. Buxton fell backward in the chair unconscious. The baby dropped to the floor.

Scarcely realizing what she was doing, Mrs. Robbins clutched the child. As she picked the little girl from the floor, Bemis pointed the gun toward her. The trigger clicked, but the fourth cartridge failed to explode.

Before Bemis could again take aim, Mrs. Robbins, with the child in her arms, had fled through the side door. Bemis paused over the body of Mrs. Buxton, then, with a wild yell he turned, ran up the stairway and put a bullet through his heart.

Scores of persons from the neighborhood flocked about the house. Finding that the man was still at large and ready to shoot anyone who attempted to stop him, none dared to enter the residence and it was not until the arrival of the police that the facts were learned.

Officers Draw Revolvers
Four officers, with drawn revolvers, entered the house. Mrs. Robbins, who had locked herself and the baby in one of the rooms, told of the affair. They found Mrs. Buxton lying unconscious in a pool of blood. A physician was summoned and the woman was taken to the city hospital, where little hope is entertained for her recovery.

The search for Bemis and the dead body lying on the floor of the rear hallway. There was a deep slash on his forehead where it had struck against the banister rail.

GOOD POSITIONS
PUT UP FOR COMPETITIVE EXAMS BY CIVIL SERVICE

In One the Salary Attached Is \$1200 Per Annum and the Other \$175 Per Month

Two more civil service examinations are scheduled to take place during the first week of June. The first is for the position of inspector of food and drugs under the state board of health and the salary is \$1200 per annum.

The second is for the position of electrician in the service of the directors of the port of Boston and the salary is \$175 per month. The commission announces that executive ability and tact are among the chief requirements for this position and the examination will consist of a sworn statement of experience, practical arithmetic report writing on a choice of given subjects, and practical questions covering the installation and operation of electric light and power plants, including the generating plant with its necessary steam boilers and engines; also questions on the superintending of the operation and maintenance of such plants. Those intending to try either of the above tests must have their applications in before the 23rd day of May. Further information may be obtained from the civil service commission, Room 121 State House, Boston, or from the local secretary at the post office.

Driven to Distraction

You are nervous when the nerves are poisoned by impure blood or starved by thin, watery blood. In such cases no nerve tissue need be created, but the blood has only to be restored to a normal, healthy state to make the nerves strong and well.

To make your blood rich and red take Dr. Williams' Pink Pills. Give them a thorough trial and forget all about your nerves. The chances are that your nervous troubles will vanish when your blood is made perfectly healthy.

Mrs. Fred A. Hampton, of Pleasantville, Ohio, says: "My trouble was nervous debility and when I began taking the pills I was listless, had no ambition or appetite, was very weak and had lost considerable weight. My complexion was sallow, showing that my blood was impure. Any little thing irritated me. There were severe pains in the back of my neck, like something heavy pressing against it, and when these attacks came on I would have to lie down. I experienced relief after taking the first box of Dr. Williams' Pink Pills and I am now enjoying the best of health."

Dr. Williams' Pink Pills for Pale People

are just the remedy for the treatment of nervous prostration, nervous debility, neuralgia, sciatica, nervous dyspepsia and St. Vitus' dance.

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 or they will be sent, postpaid, upon receipt of price by the

THE BREAK COMES

With a Vengeance. The New Tariff Bill
Dazes the Woolen Industry

Mill owners running to cover, clothiers getting out from under. Prices drop to the cyclone cellar. Imagine it, my famous Etna Blue Serge Suit knifed to \$12.50 to order; Sheriff Worsted Suitings even cut to \$12.50 to order. I must not get caught with the goods, give me the coin and empty shelves when woolens reach bottom; I'll show you low prices. I want cash. I don't want woolens. The present is the time to slaughter values, not bye and bye when everybody is trying to sell out. Let the other fellow hold the umbrella. The break is here. I am here with the greatest woolen values of years.

As you see increased costs of living in your home, fairness compels you to admit that you see it in your business. Whether you be employer or employee, you can't help seeing increased expenses in your work. If you can see the bigger expenses in your business, you must know that I have increased expenses in mine.

Ordinarily, business men make the people stand the increasing expenses of doing business. My method is to mark down the prices and do a greater business than ever---to make the increased business stand the increased expenses.

In these days of high cost of living, where can you get a suit of clothes ready made, custom made, or any other way, for \$12.50; I MEAN A GOOD SUIT---An all wool fabric---A suit that fits you---A suit that looks as good as your neighbor's---A suit that satisfies you, that satisfies your wife, your daughter, your son, your brother or your sister?

There is one place in Lowell, and FRIDAY and SATURDAY MUST BE BANNER DAYS. If I don't do a big business on the values I shall offer you, then I must admit the other fellow's theory is right, and that people don't want to save money.

Get your order in this week if possible. A day or two more on a suit now is more important to me than a dollar or two on the price.

NO MILITARY DEMONSTRATION

Pres. Wilson Orders No Warships
or Troops Moved Until Jap
Question Has Been Settled

WASHINGTON, May 16.—President Wilson has determined that no warships or troops shall be moved or anything resembling a military or naval demonstration be carried on by the

United States while diplomatic relations with Japan over the California alien land legislation are in progress, so that no alarming interpretations can be placed on even the ordinary maneuvers of the army and navy.

This decision of the president was announced at the White House last night. It answered a report current in official circles late in the day, that precautionary movements by the army and navy were contemplated and had been discussed at a conference between the president, Secretary Daniels of the navy department, Secretary Garrison of the war department, and Acting Secretary Moore of the state department.

Mr. Moore went to the White House, it was explained, to discuss the framing of a reply to the recent Japanese protest against the California land legislation, while the war and navy secretaries called to discuss routine affairs of their departments.

White House officials said there had been no change in the diplomatic phases of the Japanese question and that the situation was promising of an early settlement. It was emphatically denied that army or navy maneuvers or movements of any kind not included in ordinary plans, arranged months in advance of execution, had been contemplated at any time.

The rumor which called forth the White House statement probably began its rounds earlier in the day, when the war department made public orders to three officers and two companies of coast artillery to sail from San Francisco for Honolulu about May 24. These orders, it was explained, were in conformity with the program for the creation of a permanent and sufficient garrison in Hawaii, outlined in the last annual report of the secretary of war, and merely carried out plans of long standing.

Another Protest
WASHINGTON, May 16.—Further representations from the Japanese government in support of its protest against the California land legislation were forecasted yesterday when Viscount Chinda, after being informally notified of Gov. Johnson's intention to sign the land bill, called twice at the state department to inquire when the governor probably would act.

Viscount Chinda's calls gave rise to the impression in official circles that Japan is not inclined to delay pushing her protest and that another formal communication probably will be forthcoming as soon as the California bill is actually signed.

Meanwhile, President Wilson, in a preliminary way, at least, has been discussing with Acting Secretary Moore the course to be pursued in framing a reply to the original protest. This subject will come before the cabinet meeting today, but the answer may not be immediate, unless the Japanese government is insistent. On the contrary, it is known that the president is disposed to proceed with as much deliberation as diplomatic usage will permit.

Though Gov. Johnson apparently made a strong impression upon the administration by his presentation of various acts and proposed legislation of a national character, tending to commit the government to a general policy of discrimination against the yellow races, it is declared that he has injected no new suggestion into the controversy so the officials of the state department have only to consider points already made in continuing diplomatic negotiations.

ARREST POLICE OFFICER

Was Charged With Man-
slaughter in Milford

MILFORD, May 16.—Considerable excitement prevailed in this town yesterday when Edgar A. Sherman, a special policeman and an employee of the Draper company, was arrested on a charge of manslaughter in connection with the shooting of Emilio Bacchocchi, a striker, on the morning of April 24.

The arrest of Sherman followed the inquest finding of Judge Cook of the local district court that Bacchocchi was shot by an officer in the discharge of his duty, and that Sherman was probably that officer. The warrant for the arrest was sworn out by counsel for the widow of Bacchocchi.

Sherman was arraigned, and after a preliminary examination, was held in \$5000 for the grand jury, which will meet at Fitchburg on Aug. 13.

Two officials of the Draper company furnished bonds. The shooting occurred on a road in Hopdale about a mile away from the Draper plant shortly after 6 o'clock on the morning of April 24.

The officers claim the strikers opened fire on them with revolvers, while the

strikers maintain not a shot was fired by them.

In the chase Bacchocchi fell, fatally shot in the back of the neck.

EDUCATION NOTES

To promote moral education in the schools of France independently of religious doctrine is the object of the "French League of Moral Education." The league offers a first prize of \$1000 and other prizes amounting to \$2000 for contributions to a bulletin which it publishes.

The government of Belgium has invited the United States and the separate states to be represented at the first international congress of cities to be held in Ghent in July. The congress will be devoted to the two main topics of city building and the organization of municipal life.

How illiteracy is about to be banished from a Kentucky county through the "moonlight schools" is interestingly told in a statement by Mrs. Cora Wilson Stewart, superintendent of Rowan county, addressed to the United States commissioner of education. The school workers have on record the name, location and history of every illiterate in the mountain county, and are able to make a special study of each individual case. One by one the illiterates are interested in the work of such schools as the "Moonlight School on Old House Creek." In the past two years the thousand and more illiterates have been reduced to a few hundred; and it is believed that the last vestiges of illiteracy will be wiped out by the close of the present year.

SAVED BY HUSBAND

Man Jumps in River and
Rescues Wife

SOMERSWORTH, N. H., May 16.—Mrs. Basilitz Fedstinos, employed by the Great Falls Manufacturing company, jumped into the Piscataqua river here yesterday, and was rescued from drowning by husband, John Fedstinos. The plunge followed an argument between the two. Scores of mill operatives were attracted to the scene and were horror-stricken to see the woman break through the throng, run

several yards to the river embankment and jump over. The crowd followed, and when Fedstinos saw his wife struggling in the water he dove in and swam with her to safety. His act was heartily applauded by the onlookers, and he and his wife went to their home arm in arm.

Birthday Party

An enjoyable evening was spent last night at the home of Miss Rose Damas on Short street, when a number of her friends gathered in honor of her 32nd birthday. Games were played and an impromptu musical program carried out with much success. During the evening Miss Damas was presented a purse of gold. The presentation speech was made by Miss Helen Connors. The refreshments were in charge of Miss Katherine McClean and Miss Mary Damas. At a late hour the party broke up, each member wishing the hostess many happy returns of the day.

A FAMOUS FRENCH SKIN SPECIALIST

Professor Sabouraud says: "The importance of sulphur should be commited to memory."
Because sulphur is so valuable in treating all skin diseases, many attempts have been made to incorporate it in a cream.
In SULPHOLAC, a highly prized germ destroyer is combined with sulphur to produce the perfect skin remedy. A soft, smooth cream, readily

taken up by the skin. SULPHOLAC penetrates below the surface. It reaches the seat of the trouble and eradicates it.
The safe, clean, sure remedy for acne, pimples, blackheads, rash, ringworm, shingles—even chronic eczema, is promptly relieved.

\$78,000 A YEAR ALIMONY

Mrs. Heye Sues Her Banker Husband

NEW YORK, May 16.—She asked for \$78,000 a year alimony. That is \$5,500 a month. Mrs. Blanche A. W. Heye claimed this amount was necessary for her maintenance and that her husband

MRS. BLANCHE A. WILLIAMS HEYE

was rich enough to afford it. Besides, she asked for \$10,000 counsel fees. The husband, George Gustave Heye, a banker, is fighting the motion on the ground that it is entirely unreasonable and extravagant. Mrs. Heye is in the Sloane hospital.

ADDRESS BY REV. DR. DIXON

At Bible Class Reunion and Supper Last Night

Discussed Stand of Church In Problems of the World

The 27th annual supper and reunion of the pastor's bible class of the First Trinitarian church was held last evening with an attendance of about 75 members, some of whom came from out of town to be present at the event. At six o'clock there was begun a reception and social in the auditorium and Miss Eva Henderson played organ selections. Supper was served by the Henderson Catering Co. in the room down stairs.

Dr. H. H. Sumner was toastmaster of the evening and after being introduced by F. W. Gray, president of the class, he briefly addressed the gathering. As the first speaker of the evening he introduced Rev. Sarah Dixon, Ph. D., of Tewksbury and she spoke on the province of the church. In part she said:

"The province of the Christian church is a very simple one; it is a very conservative one; a very clear one; and one that no one, especially a minister, need mistake. The Christian church is not placed in this world to solve all the problems of our common life. There are grave problems facing us every day, and it is true that the churches must deal with them in some measure; but for the Christian church to pose as an expert in great industrial questions—to form itself into a commission to look into the various matters that perplex us, to my mind is a mistake which really militates

against her best progress in the performance of her mission.

"Take, for instance, the problem of the minimum wage. We are all interested in it; the world is trying to solve it. The consensus of opinion is that there should be a living wage for everyone. It is not for you as a church to spend your time and energy in bunting an affair which only experts can decide; but does not the church have a mission in facing up to this question after all?

"Another grave question is that of strikes. We often find ourselves, as a church, in a city where there is a strike, and many churches forsake their real purpose of enlightenment, by going immediately into these problems. For the pulpit to take sides in these questions causes alienation in one's constituency, unless the side taken should happen to be the consensus of opinion in the community in which one happens to live.

"In the question of prohibition or local option, if one favors either a portion of the church will be alienated because of that position, there is a diversity of interests, and the conservation of power will be lessened, if not lost altogether.

"Unless a man be a tremendous man, he could not be so well versed in economic and industrial questions, that he can finally answer all these questions in any one sermon. But wherein can the church thunder from the pulpit, and wherein can it make itself respected? I believe that insofar as we have mistaken our true mission, so far have we brought ridicule upon the church and its position. Our mission is to create ideals of life. No one disputes our idealism; no one ridicules our idealism. They ridicule our application of practical ethics, the stumbling manner in which we attempt to solve the problems which only experts can solve. We are to create a motive and an incentive which will send people out into the street to inquire what is the right of the matter. It is not to tell a man how to vote, but to create an incentive, a motive, to vote the best he knows how. These things are the real province of the church, and the church that hinders to them, preaches the gospel of the church to the church that everyone in the community must take his part of, when he passes it. It is only when we lower ourselves to fool around with the things that we cannot handle, that we bring ridicule upon ourselves.

"I would lift my people up entirely, into a high desire to do things right, and then trust them to solve the living question and the great international questions. I would shift the whole burden on the man himself, for that is where the burden belongs."

Among the other speakers were Rev. Henry F. Smith of Beverly, who discussed "The Bible as a Liberal Education"; Rev. George W. King, pastor of St. Paul's church, spoke along similar lines; and the pastor of the First Trinitarian, Rev. Raymond G. Clapp who advocated the application of the principles and ideals of the church to modern life. Rev. Mr. Clapp declined to act as teacher of the bible class, saying that he believes he ought to take a class of younger people. After a few closing words by the toastmaster, the gathering sang "America" in unison and received the blessing of the pastor.

The officers of the class are as follows: President, F. W. Gray; vice president, Miss Ida E. Bishop; secretary, C. T. Upton; assistant secretary and treasurer, Mrs. George B. Ellingwood.

POLITICAL BATTLE LINES

Democrats Talk Over Future Plans

WASHINGTON, May 15.—Plans for drawing the political battle lines of 1914 and 1916 were talked over today at conferences of the executive committee of the democratic national committee. The program included a conference over what the national committee should do to make the party successful in the state and congressional elections next year with a look ahead to the next national election; a meeting with officers of the democratic congressional committee regarding a greater representation of senators on that body and a conference with President Wilson.

"Concentration, anticipation, amalgamation, confederation, harmonization of method," is the way one member of the executive committee epitomized the plans of the conference.

RIKER-JAYNES DRUG STORE

PURITY, ACCURACY AND EFFICIENT STORE SERVICE

When you think of these three things how naturally the name of Riker-Jaynes comes to your mind. You know that they are synonymous and are proud of the fact. We realize our responsibility as leaders in high quality drug store goods and will always endeavor to maintain our present high standing, and by so doing guard both health and best interests. As to prices, you can rest assured they are always the lowest obtainable. MONEY never undersold if we know it.

PRESCRIPTIONS

There are many good reasons that cannot fail to appeal to every thinking person, and which should make them decide in favor of the Riker-Jaynes stores as the most competent places to be entrusted to fill their physicians' prescriptions.

We fill more prescriptions in a day than the average drug store does in a year. Only registered druggists of large experience and the highest standing are allowed to handle them. Every ingredient used is of the very highest possible quality and exactly the kind the doctor ordered.

To show the magnitude of our prescription business, we cite the fact that on Jan. 1, 1913, there were employed in our various stores 430 registered druggists, and that during the year ending on that date, by actual count, we had filled exactly 1,426,803 prescriptions. It is not that in itself proof positive of the confidence reposed in our Prescription Department?

Our prices, quality taken into consideration, are the very lowest obtainable. If you want your next prescription filled exactly as your doctor desired, bring it to one of our stores.

DRUGS AND CHEMICALS

In purchasing drugs or chemicals at one of our stores our customers always receive the best—not only the best as regards quality, but the best in point of store service and in lowest price. We have been proving this day and night for many years until it has become an unquestionable fact.

Every drug or chemical that we offer for sale is guaranteed by us to be of the highest standard, bought direct by us from reliable foreign or domestic producers, as the case may be, under the guarantee that they are of the finest quality.

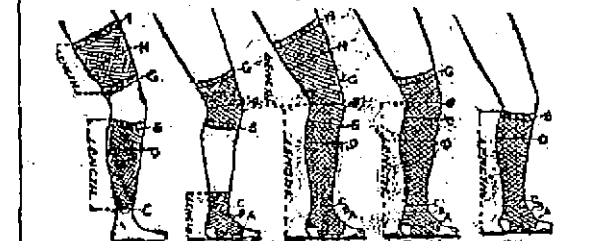

After being received by us, samples of every article are sent to our laboratory, and there subjected to critical analysis to see if they are of the required high standard. If they are, they are then sent to our counters for sale; if not, they are rejected by us. That's the kind of drugs and chemicals you receive at the Riker-Jaynes stores. May we have your patronage?

FLETCHER WILL CONTEST

Attorney Thinks There Are Two Wills

At the hearing in the Middlesex probate court at East Cambridge yesterday on the will of the suicide painter, John William Fletcher, Attorney Samuel Ballen of Ballen & Leveroni, representing 11 of the nephews and nieces of the dead man, told Judge Lawton that he had reason to believe that there is a second will of Fletcher's still in existence.

The hearing on the will was originally scheduled for last Tuesday. It has been postponed at the request of counsel three times. At the hearing yesterday morning Judge Lawton postponed the case until the afternoon to allow a conference between the attorneys representing the various contesting interests for the purpose of making an effort to persuade the only contesting uncle of Fletcher to withdraw.

RUGGLE IN WATER

Patrolman Rescues Girl From Charles River

BOSTON, May 15.—Policeman James Russell of Cambridge after a desperate struggle in the waters of the Charles river late last night rescued Pearl Blum of 118 Sylvia street, Arlington, who had attempted suicide, although both nearly lost their lives. The girl had attempted to throw herself from Harvard bridge, but the

arrival of an automobile party prevented her carrying out her design. At the Brattle square station, where she was taken after her rescue, she said "God was calling me to be his bride."

Acted Peculiarly
Her life was saved equally through the efforts of Policeman Russell, who leaped into the water and brought her out, and of Thomas H. Christmas, who had noticed her peculiar actions and had followed her to the embankment in his car, which he expected later to get the officer.

Policeman Russell, guided by the automobile party, finally located the girl in the river at the further end of the embankment, near Magazine bench.

The OUTLET

Taking off his coat, helmet and belt, he jumped to her assistance. Far out of sight of those who watched him from the bank he caught the sinking form. In the darkness he swam with her toward land, only to run against the sea wall, rising abruptly above him and a depth of a dozen feet of water. As he shouted for Mr. Christmas and the woman with him to get the river police to help him out, the frozen woman clutched him about the throat and both sank. Their struggles brought them farther and farther from the shore. Finally Mrs. Blum, one of the party, ran out on the beach and called to him to make a landing at that point. By the time he had reached shoal water he was exhausted, and a few moments more would have been beyond help.

Investigation of Am. Woolen Co.
WASHINGTON, May 15.—Representative Francis of Ohio, reintroduced yesterday his resolution of the last congress, proposing an investigation of the American Woolen Co. by a committee of five representatives, with directions to report bills regarding the prosecution of the company or its disposition, or both, if found warranted.

Am. Tobacco Co. Case
NEW YORK, May 15.—Judge Meyer in the federal district court yesterday afternoon dismissed the bill of complaint by Otto Jonas, an independent tobacco dealer who asked that the dissolution decree in the case of the American Tobacco Co. be set aside. Jonas contended that the decree was not in accordance with the supreme court's decision dissolving the trust.

Prince Albert at Halifax
HALIFAX, N. S., May 15.—The training ship Cumberland, with Prince Albert of England, King George's second son, on board, arrived here yesterday. There was no special salute from the city and no official recognition will be taken of Prince Albert's presence aboard the training ship, as he is being treated as an ordinary cadet.

France Puts to Rest Army
PARIS, May 15.—The French premier, Louis Barthou, declared in the chamber of deputies yesterday that the retention of this year's time expired soldiers in the French army was made inevitable by the European situation. The premier made this statement in reply to questions by Deputies Antoine Durand and Pierre Brizon, who asked him whether it was necessary to keep the men with the colors for another year.

HARRY THAW AS WITNESS

Says He Was Offered Release For \$20,000

NEW YORK, May 15.—Dr. John W. Russell, former superintendent of the Matteawan state hospital for the criminal insane, first made the suggestion to Harry K. Thaw that he could be released by the payment of a large sum, Thaw testified yesterday at the bribery trial of John X. Anhalt here.

Anhalt, a young attorney, is charged with offering Dr. Russell a bribe of \$20,000 for an order or certificate which would result in freeing Thaw from further confinement in the asylum. Thaw, who was brought from Matteawan yesterday, was the first witness in the case. He was subjected to a rigid examination and as rigorously cross-examined by counsel for Anhalt. Thaw gave his testimony in a low voice, frequently being asked to repeat his answers so that the jurors might hear.

Objections of counsel for the defense that Thaw, legally insane, was not competent to testify, were overruled by the court, who, however, held that the testimony should be considered as that of an insane person.

FIRE CHIEFS INJURED

Blaze in Round-house Caused \$7000 Loss

BOSTON, May 15.—District Chiefs Stephen J. Ryder and John E. Madison of the fire department were injured at a three-alarm fire at the old round-house in the Roxbury yards of the New York, New Haven & Hartford railroad last night, the fire causing a loss estimated at between \$6000 and \$7000 to locomotives and buildings.

District Chief Ryder fell into one of the many ash pits about the round-house and received a cut over the right eye which stunned him. He was taken into an office used by employees of the road and later to a doctor's office nearby, where the wound was dressed, and he returned to the fire.

District Chief Madison also fell into one of the ash pits, but remained on duty at the fire. Both men refused to go to a hospital.

St. Peter's Holy Name Society
The committee in charge of the forthcoming social of St. Peter's Holy Name society, on May 23rd, met last evening and cleared up all details in connection therewith. President Cook presided, and Mr. Bernard W. Ward,

secretary of committee, reported that a large number of tickets had been disposed of. The following officers were elected: General manager, James W. Cook; assistant, John J. Watson; floor marshal, Joseph A. Scanlon; assistant, William P. Sadler; with a large corps of aids. Mr. John A. Sadler heads the reception committee. A fine concert program is in preparation for the event.

"Yes, our new wagon's a Studebaker—the only kind we KNOW"

"The Studebaker idea has been in our family for sixty years. We have never thought of buying any other kind of a wagon."

"It's true, we're continually being offered other wagons costing a little less, with lots of promises as to what they will do. But we know in our family what a Studebaker will do. A few dollars difference in price doesn't mean much. It's the service a wagon gives that we consider most."

"Long service for a fair price means more every time than short service for a few dollars less."

"That's why we stick to Studebaker—and stick to Studebaker is a pretty good motto for a man who uses wagons."

"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."

"Studebaker wagons last, because they're made to last."

"Look out for the dealer who tells you his wagon is just as good as a Studebaker. That's my advice after a good deal of experience—and the experience of all of my people. You get a Studebaker and you've got a safe investment."

MAY EJECT UNCLE SAM

Salisbury Beach Tangle
Involves Postoffice

NEWBURYPORT, May 16.—The United States government may be forced to vacate its own postoffice quarters at Salisbury beach if a threat that Albert M. Gorwaiz says the Salisbury Beach Associates have made to eject him from his property becomes effective.

More Complex
The land ownership tangle becomes

more complex with this latest development and it is generally expected that federal action will be taken if any ejection process is attempted.
A bill in equity has been filed by Mr. Gorwaiz as executor of the will of Amy F. Gorwaiz (late postmistress at the beach office) against Walter Coulson of Lawrence et al, the Salisbury Beach associates.
At the time of her death Mrs. Gorwaiz owned land and a building at the beach, according to the bill, holding the land on lease at a rental of \$150 a year and that after the beginning of the lease, prior to August 14 last, the respondents secured title to the land from the Salisbury Land and Improvement company and that George H. Dole et al, as the Salisbury Beach reservation commission, have taken the land by right of eminent domain under act of the legislature. In May of this year the commission demanded of

petitioner \$150, rental for the year 1913, which was paid, the respondents demanded a year's rental and claim that the taking by the commission is illegal and threaten to eject the petitioner and rent the property to others. The beach postoffice is located in this building. The petitioner asks that the defendant be permanently enjoined from entering upon the land or buildings or in any way interfering with its occupancy and use of the premises.

SOCIAL AND FRATERNAL

There was a large attendance at the regular meeting of James A. Garfield Post, 120 G. A. L. T. S. BIG FIELD DAY

Held at the Martin Luther Grounds Yesterday

The "Upstream" field day of the students and faculty of the Lowell Textile school was held yesterday on the Martin Luther recreation grounds and was a big success. Everyone who attended the event had the time of his life and will long remember the outing. The special cars for the grounds left the school about eight o'clock and together with the Textile boys was a band of 25 pieces from the Middlesex county transient school. The party started for their destination with many a song and cheer.

On reaching the grounds, the first big event was a baseball game between the chemists and the wool men

in which the chemists were victorious by the score of 21 to 10. The lineup of the two teams was as follows: Chemists: Murray p, Peck c, Shedd 1b, Sussman 2b, Johnson 3b, Haynes, Plummer 1f, Harrington cf, Richardson rf.

Wool men: Cleary p, Nilot c, Bennett 1b, O'Brien 2b, Brickett 3b, Goodell ss, Robertson lf, Gadsby cf, Cook rf. Following the game several took a plunge in the cool waters of the river and there was also a game of quoits in which the faculty men excelled. All sports were suspended when the call to the noonday meal was sounded. Following the dinner there was a baseball game between the Seniors and the Freshmen in which the Seniors demonstrated their superiority by a score of 30 to 9. The lineup:

Instructors: Principal Eames 3b, Lupton p, Cushing c, Dr. Van Doren 1b, Stoddard 2b, Wilmet 3b, McKay lf, Ball cf, Dick rf.
Seniors: Murray p, Peck c, Bennett 1b, Johnson 2b, Shedd ss, Plummer 3b, Gadsby lf, Davleau cf, Cook rf.
After the game supper was served and the gathering started for home. The committee in charge of the event was comprised of the following: Mr. Arthur A. Stewart, Ray Pitts-bury, Floyd Adams, Raymond Brickett and Charles Cleary.

CALLS NEW PASTOR

Chelmsford Street Church Asks Newton Centre Man to Come to Lowell

Rev. E. A. Trites of Newton Centre has received a unanimous call from the Chelmsford Street Free Baptist church to become its pastor.

Rev. Mr. Trites was recommended to the church by the pulpits committees in the denomination a few months ago when he preached in Lowell March 20, he made a very favorable impression.

Mr. Trites is a native of New Brunswick, about 33 years of age, and a graduate of Colby college. He also graduated from the Newton theological seminary in two and one-half years. He has been a pastor in South West Harbor, Me., during which time the membership of his church has grown greatly. He is a leading man among Baptists. He is a strong worker in Sunday school work. Leading business men in the churches where Mr. Trites has served, have given very satisfactory reports as to his work.

The fire control is operated from the masts of a battleship.

NORTH CHELMSFORD

A very successful benefit whist party was held last night in St. John's hall and was a great success, both from a social as well as financial standpoint. The hall was packed to its utmost capacity. Twenty-two tables were used for whist and many were present to watch the progress of the game. Whist was started at 8.15 and continued until 10.15 when the signal was given to stop. The points were marked by Misses Nora Sweeney, Mary Cox, Belle Valentine and Jennie Lavelle, while the counting was done by Gertrude Outley and Gabriel Ardoin. While the points were being counted refreshments were served, after which the hall was cleared for dancing, music being furnished by Steele's orchestra. The winners of the prizes were as follows: Ladies' first prize, Hannah Cummings; second prize, Mrs. Jas. Potter; third, Mrs. T. Murphy; consolation, Margaret Ready. Gentlemen's first prize, John Garvey; second, John Johnston; third, E. B. Duvivier of Granville, and consolation, John Barry. There was a large number present from Granville. The committee in charge of the successful affair were Mrs. John Garvey, Mrs. A. Hogan, Annie Gilbey and Maud O'Neill.

MACMILLAN PREPARES FOR DASH
INTO FROZEN TOP OF THE WORLD

NEW YORK, May 15.—Donald B. MacMillan is getting ready for his drill into the icy fastnesses of the arctic. He wants to solve the only remaining mystery of old mother earth's top crust. He will endeavor to explore Crocker Land, the supposed continent sighted by Peary from Cape Thomas Hubbard in 1906. When the exploration party sails from Sydney, N. S. W., on the whaler Diana in July, under the leadership of MacMillan, the explorers will include a seismograph and a complete wireless outfit in their equipment, which will be thoroughly up to date. Electricity will also be utilized for lighting, cooking the meals, and heating in the remote regions of the far north. The object of the expedition is to discover and explore the unknown area north of the present map of the arctic regions, and if conditions are favorable, to penetrate the Greenland ice cap. MacMillan was with Peary on his dash to the North pole.

WOMEN MAY PRINT THEIR PAPER

Defeat Inflicted on British Government by "Wild Women"—Explosives Found

LONDON, May 16.—A defeat has been inflicted on the government by the "wild women," the militant suffragettes, in their fight over the suppression of their newspaper, the Suffragette. After Archibald Leitch, counsel for the treasury, had announced that the government would prosecute anyone printing the newspaper in the future, the labor press and some of the liberal newspapers which are the strongest supporters of the present cabinet, protested this was an infringement of the liberty of the press. George Lansbury, the former socialist member of parliament, James Keir Hardie, socialist member of the house of commons, offered personally to undertake

the publication of the paper but the suffragettes declined their offer with scorn. Thereupon the home office issued a statement declaring that Mr. Leitch's pronouncement had been misinterpreted and that the Women's Social and Political Union or any publisher could issue the Suffragette so long as it did not contain any incitements to crime.

Sidney Drew, the former publisher, has written to the home office, pointing out that he was compelled to give the undertaking that he will not hereafter directly or indirectly take part in printing the Suffragette or any other organ of the Women's Social and Political Union. He wants to know what steps are now to be taken to relieve him from this undertaking.

The special interest taken by the labor party in the question of the Suffragette was aroused because the labor newspapers frequently come into collision with the government. This is the case in regard to general conscription for the army and in the event of government, which the labor party fears, the labor newspapers propose to urge the workmen of the British Empire to resist it.

They point out that Sir Edward Carson has gone to Belfast to open the new hall of the Drilling Club there, the object of which is to resist the Irish home rule government if it should be established. The women want to know why Sir Edward Carson is permitted to advocate rebellion while they are imprisoned for doing so.

This week's number of the Suffragette appeared today and was freely circulated. It was printed by the firm of Edward Francis. The newspaper says:

"Though he constantly deprecated what he calls our methods, he undertook the work, believing that the freedom of the press was in danger and also gravely doubting the wisdom of those who seem bent on depriving the suffragettes of their legitimate forms of expression."

Suffragette Bomb Found

LONDON, May 16.—A bridge over the Great Western railroad near Westbourne Park station in the west end of London today was the object of a suffragette "bomb" attack. The canister in this case was a larger one than those usually employed. It was filled with live cartridges enclosed in cotton wool saturated with paraffine oil. The attached fuse had been ignited but had gone out. The whole machine was wrapped in militant suffragette literature.

Executive Committee of St. Joseph's College Alumni Met Last Evening—Considerable Business Transacted

The members of the executive committee of St. Joseph's college alumni held an important meeting last night with President Wilfred P. Calise, Jr. in the chair. Considerable business was transacted, and the question of the second annual reunion of the alumni was discussed at length.

It was voted to appoint a committee to attend the first mass of one of the members of the association, Rev. Joseph Boland, O. F. M., who is to be ordained tomorrow morning. The said mass to be celebrated at St. Joseph's church, Sunday morning at 10.30 o'clock, and the following were chosen: President Wilfred P. Calise, Jr., Vice President Henry V. Charbonneau, Treasurer Joseph F. Montminy, Edmond S. Desmarais, Rodrigue E. Jodoin, Arthur L. Enos, William Trotter and Rev. Bro. Eernardin, S. M.

The question of the annual meeting to be held in August was brought before the meeting and discussed at length. It was suggested that in connection with the said meeting a general outing be held during the day, the friends of the members of the alumni.

PROBING WAGE REDUCTIONS

When it was announced a few days ago that the government contemplated making an investigation of any changes in wage schedules which may follow the change in the tariff, the statement was received with a great deal of interest. The anti-tariff interests, of course, denounced it soundly as favoring of unjust government interference. Others praised it in no uncertain terms. But a great many did not take it seriously and regarded it as merely a clever political announcement, thrown out to keep the party now in power in the good graces of the common people. That it was meant very seriously and sincerely was proved conclusively by a speech of Secretary Redfield on Wednesday night before a national association of labor in Washington.

Secretary Redfield has established a reputation for silence which is second only to his reputation for ability; a statement from him, therefore, may be regarded as being particularly significant. In opening his speech he said: "If I grasp the public mind at all clearly, it holds unfavorable views towards reduction of wages, except under the direct necessity. As therefore, the reduction of wages has direct social effects and as the public has the right to efficiency in their factory service, the department has undertaken to find out whether the facts do or do not justify the threatened reduction."

That he regards this investigation as within the sphere of the government's duties was declared by Mr. Redfield as follows: "The department of commerce exists for the purpose of promoting American industry and commerce at home and abroad. As the head of that department I feel that while its scope in aiding commerce is broad and has many phases, one of these phases which is important is that of turning light upon inefficiencies wherever they can be found."

He then dwells on the fact that industry is no longer being considered as merely a private matter and speaks of the tendency of the times to hold both employer and employee responsible for the general prosperity of the country. The same public spirit which condemns unnecessary and unjust strikes expects the employer to be just to those whom he employs. "The greatest interest in our manufactures is that of the people without whose purchases the factories would close. They have more at stake than anyone else, and they are beginning to have very definite ideas respecting their interest in our factories, and how to look after it. It is chiefly they who refuse to admit any longer that the head of a great business concern can do as he will with what he is pleased to call his own property."

To show the spirit back of the determination of the government the secretary said: "It is my hope as far as I can to aid and not hinder American industry. I believe that for it a day of freedom has just begun, and that we are shaking off the shackles of a real industrial slavery to enter upon the arena of free competition, strong, athletic and vigorous."

When we hear adverse criticism of the coming tariff reform it would be well if we recalled the words of Secretary Redfield regarding it: "It is important that we as business men should know that business opinion and public opinion are two different things. If they are in accord it is well for business. If they are not in accord it is ill for business, for business depends for its peace and prosperity upon the sustaining power of public opinion."

As far as the tariff is concerned, there is no doubting the opinion of the people, and despite the wailings of a small minority, business opinion seems to be falling in line. If so, we may hope to see the prosperity promised by the secretary of commerce and labor, when business opinion and public opinion are in accord.

EXPERT TESTIMONY

To such a low level has the barrier of expert medical testimony fallen at American trials that Senator Kenyon of Iowa declared in a speech before a gathering of physicians in Chicago a few days ago that he will urge legislation to make it impossible for the future. Although it is difficult to see how any law could quite prevent it, there is no doubt that if some of his suggestions were generally followed, the result would be greater dignity in the giving of expert medical testimony and a much greater confidence in such testimony in the mind of the public.

At all important trials of recent years, it has become a common occurrence to see distinguished alienists sitting opposite each other, one declaring the prisoner as mad as a March hare and the other as vehemently staking his honor and reputation on the fact that the prisoner was as sane as the presiding judge. They backed up their testimony by great piles of complicated statistics of mental diseases, which on perusal, generally convince us that no mad man is really insane, and that no sane man is altogether free from insanity. Owing to the frequency of such reports in the press the average newbagger is now an authority on "brainstorms" and "mental obstructions." Laws to prohibit or limit such testimony would do away with much picturesque phrase at legal trials but they would result in greater dignity to the medical profession, and very probably a greater degree of abstract justice while they would certainly make it more difficult for wealthy criminals to evade the penalties of the law.

POLICING THE PARKS

The members of the park commission should have no hesitation in acceding to the request of the superintendent for adequate police supervision in the commons and parks of the city. Although the commissioners are constrained to practice great economy they ought to realize that money spent in this way would not be spent in vain but would have very positive results. Because the parks are for all equally, young as well as old, the parents of the city will feel safer in allowing their children to avail of them if they are properly policed, and in this way the very few who may be inclined to act contrary to the rules of good behavior will not be permitted to endanger the good name of the people as a whole.

The greatest need of police supervision in the parks comes from the impetuosity of groups of young men who find it difficult to restrain their animal spirits, and sometimes prove obnoxious to others who enjoy the parks or commons quietly, or to those who live in neighboring property. They do not generally act through malice but because of thoughtlessness; yet this does not excuse them in the eyes of those whose ears are offended by profanity or obscene expressions. Again, it is important that the property of the city be protected, and though the people are unusually careful to respect the rights of property in the parks, it cannot be expected that this commendable state of affairs would long continue if the parks were left indefinitely without police protection.

THE CONTAGIOUS HOSPITAL

The policy of silence maintained by the municipal council at their last meeting when the question, "Do you feel, gentlemen, that we ought to have a contagious hospital?" was asked by the mayor, is very well for the present, but how long can it continue? The city may go on for a little time refusing the demand of the people but it will not long refuse the demand of the state of Massachusetts, and we are doing that with splendid defiance at the present time.

The contagious hospital must eventually be built under the terms of the state law, and it is bad grace for us to wall until we are compelled to build it. This attitude might be excused if such a hospital were unnecessary here, or if we were discriminated against, but such is not the case. All over the state cities have erected or are erecting such hospitals, and we have not demonstrated our immunity from contagion sufficiently to justify our indifference. We have had many experiences of serious epidemics, and at such time we have epitomized contagious hospitals, but the question is one that seems more difficult to solve the longer we delay.

CHORAL SOCIETY'S CONCERT

The Lowell Choral society has long been a great power for good in the musical education of the people of this city. It has had a long and honorable career. It has set a high standard and lived up to it. It still has the high ideals of those who gave it birth. The splendid performance of Haydn's "Creation," which it has just given, demonstrated forcibly that it is not living on a past reputation, but is alive and active. May it long continue to give the people the same high standard of musical entertainment which has become identified with its past history.

Mr. Sullivan has received a letter from Fr. O'Brien of which the following is an extract: "Suits arrived O. K. and is a perfect fit. American exporters officials wish me to thank you for the perfect way in which the clothes were packed. The work is surely a credit to your skill."

Mr. Sullivan is particularly pleased because the suit was made from measurements supplied by a tailor in Rome who did not employ the Lowell method, and the fit of the suit, therefore, was largely a matter of guesswork. Fr. O'Brien will soon start for home by slow steamer, visiting several of the important continental cities, and making

a short stay in Ireland before coming to America.

EDITORIAL COMMENT

The Joining
Worcester Post: From the "progressive" headquarters in Washington comes a statement spurning the invitation to return to the republican party, even on the basis proposed by the Chicago conference, and declaring that the "healing of the breach is an idle dream," and it is "a waste of time to consider it." If any joining is to be done, it must be by republicans.

This is in line with the main idea of the letter of Mr. Roosevelt to his New York City friends, though he would help Gov. Sulzer in the fight for genuine direct primaries. Meanwhile Robert La Follette observes that the reforms proposed by the conference must come or the old party will die.

Working Up
Springfield Union: The burning of railroad stations and churches and the placing of bombs at hotel entrances and in cathedrals is causing the British authorities to fear that the militant suffragettes are gradually working up to the point where they will carry out their threat to do "something awful."

Shy \$10,000
Brooklyn Times: The F. W. W. relief fund collected at the time of the Lawrence strike is shy \$10,000, which has

not been accounted for. Is it possible the doughy orators of the order may be forced to admit that all soundrolls are not in the bloated capitalist class?

Strikes and Strikebreakers
Lynn Item: If there are to be strikes in the schools there should be strikebreakers in the homes. If the young people are not taught respect for their elders and the merits of discipline, order and obedience, there will come a time when they will blame their parents for neglecting them. Rightly taught children imbibed principles that are of the greatest value to them when they arrive at maturity, and if abandoned by them when they become responsible for themselves and their actions, they take rightful places in the world, worthy of respect and general confidence.

Inconsistent
Johnstown Democrat: While United States Steel Corporation officials are telling how the concern they control has been capturing business abroad the standard senators are busy arguing that the steel industry will be ruined unless it is protected from "cheap foreign labor." Millions of dollars worth of steel company products are shipped abroad every year and sold in the face of all the competition that Europe has to offer.

Sweat the Fly
Manchester Union: If any one supposed that the nation-wide fly-swat-

ting campaign launched a few years ago was a mere passing fad, to be indulged for a season and then forgotten, it is probably safe to say that no such idea continues to exist. American cities are waging war on the fly as relentlessly this season as ever before. Cities to the southward, where flies put in an appearance earlier than in our latitude, are already in the midst of the fight, while those farther north are ready to swat every fly that comes within reach.

EZO FOR THE FEET
No Matter How Sore or Painful Your Feet, You Can Dance with Joy

Don't feel blue; good vigorous feet are easy to get. Ask for a 25-cent jar of EZO, a pleasant refined ointment. Rub it on these sore, tired, tender, perspiring, burning feet and the misery will disappear like magic.

Nothing on earth so good for corns, bunions, callouses, rough, chapped or itching skin. Druggists everywhere.

ling campaign launched a few years ago was a mere passing fad, to be indulged for a season and then forgotten, it is probably safe to say that no such idea continues to exist. American cities are waging war on the fly as relentlessly this season as ever before. Cities to the southward, where flies put in an appearance earlier than in our latitude, are already in the midst of the fight, while those farther north are ready to swat every fly that comes within reach.

Strikes and Strikebreakers
Lynn Item: If there are to be strikes in the schools there should be strikebreakers in the homes. If the young people are not taught respect for their elders and the merits of discipline, order and obedience, there will come a time when they will blame their parents for neglecting them. Rightly taught children imbibed principles that are of the greatest value to them when they arrive at maturity, and if abandoned by them when they become responsible for themselves and their actions, they take rightful places in the world, worthy of respect and general confidence.

Inconsistent
Johnstown Democrat: While United States Steel Corporation officials are telling how the concern they control has been capturing business abroad the standard senators are busy arguing that the steel industry will be ruined unless it is protected from "cheap foreign labor." Millions of dollars worth of steel company products are shipped abroad every year and sold in the face of all the competition that Europe has to offer.

Brooklyn Times: The F. W. W. relief fund collected at the time of the Lawrence strike is shy \$10,000, which has

not been accounted for. Is it possible the doughy orators of the order may be forced to admit that all soundrolls are not in the bloated capitalist class?

HORSE RACING SPORT IN EAST TO OPEN MAY 30 AT BELMONT PARK, NEW YORK

PHOTOS BY AMERICAN PRESS ASSOCIATION

NEW YORK, May 16.—Devotees of thoroughbred horses in the east will have ample opportunity to enjoy their favorite sport once more. The sport of kings has been practically dead in this section for three years. Horse racing is to return to New York May 30, and provisions have been made for fifty-five days of this sport in the state up to Sept. 1. The revival will come at Belmont Park track, and the meet-

Man Who Stole Team Held For Superior Court—Inspector Martin Maher Makes Clever Capture

The man who stole John J. Gray's horse and carriage was in court this morning, thanks to the co-operation of the Lawrence police with Superintendent

Welch. Immediately on hearing that Mr. Gray had his team stolen the head of the local police got in connection with the police departments of the neighboring cities and asked them to be on the lookout for the stolen animal and vehicle. Late yesterday Officer Woodcock of Lawrence saw a man trying to dispose of a team which resembled the description given by Superintendent Welch of the one stolen. The man, after a rigid cross-examination, was placed under arrest and brought to Lowell. He appeared for a hearing this morning before Judge Pickman, the senior associate justice, and was held for the superior court in the sum of \$400.

Clever Capture
Inspector Martin Maher made an important capture yesterday when he took Raymond Bazin into custody. He was charged with larceny in police court this morning and pleaded guilty to stealing \$9.22 from Joseph Chen-

nelle. He admitted that he had entered Chennelle's place of business and appropriated the money from the safe which was open. The complainant asked to have the defendant placed on probation as he had promised to make restitution for what money he took. Bazin said that all the money was gone as the result of a short vacation he had taken to Worcester but that he would go to work and pay off his indebtedness in short order. He was placed on probation and given two months to pay up what he had stolen from Chennelle.

Stubborn Child
Marie Alice Alexina St. Pierre was the name of the young girl who appeared in court this morning charged by her father with being a stubborn child. He told the officers that his daughter was seventeen years of age but when the birth records at city hall were looked up it was found that she was only fourteen years old. The father admitted that he did not know just

which daughter it was that was in court this morning as he had thirteen of them and found it hard work to keep track of all their names. The case was continued until next Friday in order to give the father time to discover his child's name and age.

Drunken Offenders

Charles W. Murdock was fined \$6 for drunkenness and given two weeks in which to pay it. There were two \$2 drunks and three releases by Probation Officer Slattery.

To Discourage "War Scare"

WASHINGTON, May 16.—Secretary Bryan returned from New York today and was at his desk long before the cabinet meeting at which he was to present the reply of the United States to Japan's protest against the California land legislation.

It is probable that steps will soon be taken to publish the text of the Japanese protest, though that may be deferred until the answer of the United States has been delivered.

Although frequent inquiries from the Japanese ambassador indicate a disposition to press the negotiations, probably in recognition of the state of public mind in Japan, diplomatic practice warrants an allowance of at least several days for the delivery of the state department's answer.

President Wilson's announcement that there are to be no movements of troops or ships that could be connected with the situation is expected by official circles to be construed as evidence of his conviction that the issue can and will be adjusted by diplomacy.

So far the order has not interfered with the plan to send some coast artillery troops from San Francisco to reinforce the garrison in Hawaii but as the movement is in execution of comprehensive plans for permanent garrisons in the insular possessions and in the canal zone outlined by the general staff last fall and approved by former President Taft and former Secretary Stimson before there was any suggestion of friction with Japan, it is believed that its execution will not be in violation of the president's instructions of yesterday.

The administration has been trying to discourage "war scares" by every possible means, as was evidenced by executive disapproval of an order last week for the immediate dispatch from Newport to Norfolk of the submarine *Nautilus*.

NEW NAVY REGULATIONS

War Dept. Frowns on Retirement

WASHINGTON, May 16.—Young officers in the navy today were discussing with mixed emotions the announcement by Secretary Daniels that hereafter the department would frown on the retirement of juniors from the service. In the past young officers retiring have done so with a rank higher than the grade they occupied. This is to be stopped. The statement that caused the flurry follows:

"While the secretary of the navy has not yet issued any general orders restricting the applications for voluntary retirement under the personnel act of 1909 yet it is well understood that his attitude and the probable attitude of the administration is in opposition to allowing the retirement of the youngest officers who are in the line and have a number of years of useful service on the active list before them."

TOWN OF BILLERICA

"ROWELL GIRLS" HELD MEETING LAST NIGHT

State Engineers in Town Relative to the Building of a New Highway from Burlington to Billerica

Engineer Dickinson of the Massachusetts state highway commission was in Billerica yesterday and with the members of the board of selectmen discussed the building of a new road from the Burlington line to Billerica Centre or as far as the money appropriated will allow. The selectmen and the state engineer went over the road and discussed the proposition at some length, noting a number of changes that can be made to improve the road.

At the annual town meeting held in March the sum of \$2500 was appropriated by the town, provided that the state would appropriate a similar sum, to continue the state road that runs as far as Burlington. The total sum available is \$5000 and it is expected that the work will be started soon.

The Tigers of North Billerica have arranged a game with the Meadow A. C. of Lowell for Saturday afternoon. The game is to be played at the local grounds.

The Rowell Girls held a meeting at the home of Mrs. Charles Manning on Talbot avenue last night. A large amount of routine business was transacted after which refreshments were served and a social hour enjoyed. Mrs. Herbert Russell, a member of the organization and an earnest worker who is to leave soon to make her home in Clinton, was presented a beautiful binding. The presentation was made by Mrs. Rowell, the president of the organization, who read a very appropriate and fitting verse. Mrs. Russell responded and expressed her regret for leaving the town and this organization.

CARBONOL

For The Sick Room

CARBONOL is very effective in preventing disease by killing the germs and destroying unhealthy gases. In the sick room it should be used to wash all dishes and utensils and bed linen, to prevent contagion.

After sickness the floors and woodwork should be washed with water containing a little Carbonol, before others use the room. It is a powerful disinfectant.

Consular Representatives

WASHINGTON, May 16.—While President Wilson has not yet begun changes in the consular service his present inclination is to put the consular representatives of the government under the civil service. This became known at the White House today. It was said that while there might be changes in the personnel of consuls general at the more important posts these would extend only to such places as might have been filled with political favorites heretofore and not by promotion from the consular service itself.

Breed of Army Horses
WASHINGTON, May 16.—Under the plan adopted by the war department for the betterment of the breed of horses used in the cavalry and artillery branches of the army the Bureau of animal industry of the department of agriculture has completed arrangements for distributing the stud of 44 stallions throughout the country. The results of efforts of the bureau to encourage the breeding of army horses are gratifying. It was announced today. Announcement also was made of the placing of seven Morgan stallions in the New England horse-breeding district, comprising the states of New Hampshire and Vermont.

New Haven City Dividend
NEW YORK, May 16.—The New Haven railroad reduced its dividend basis from 5 per cent. annually to 6 per cent. The financial community was prepared for an even larger cut, though the reduction to 6 per cent. was the one generally predicted.

FOR CURRENCY REFORM FELL TO HIS DEATH

Plans Suggested to President Wilson

WASHINGTON, May 16.—President Wilson let it be known today that various persons have suggested plans for currency reform to him and that some friends other than members of congress are at work on tentative bills. Mr. Wilson did not reveal the identity of the outsiders but it is believed that Prof. J. Laurence Laughlin of the University of Chicago. The indications are that the ideas advanced by persons outside of congress will be turned over by President Wilson to the heads of the senate and house banking committees for use in connection with the bills they are drafting.

Representative Glass has received drafts of bills from prominent currency advocates, among them Prof. J. Laurence Laughlin of the University of Chicago. The indications are that the ideas advanced by persons outside of congress will be turned over by President Wilson to the heads of the senate and house banking committees for use in connection with the bills they are drafting.

HOLDS COURT ON TRAIN

Judge Charges the Jury During Fast Ride

NEW YORK, May 16.—The Federal district court, Judge Mack presiding, was held yesterday afternoon on a special train travelling 45 miles an hour between this city and Poughkeepsie. The judge began his charge to the jury when the special pulled out of the Grand Central station and hoped to have a verdict when the jurors reach New York today. The suit, which made this unusual situation possible, was brought by the Amsterdam Building company against the J. W. Delaplane company. The plaintiff is seeking to recover \$21,000 alleged to be due as part of the consideration for building a warehouse in Poughkeepsie for the defendant.

The court went to Poughkeepsie to look at the warehouse and endeavor to ascertain whether certain portions of the work of construction were covered by the original contract or may be classed as extras.

Mrs. Wilson Visits Slaves
WASHINGTON, May 15.—Mrs. Woodrow Wilson went "slumming" with a party of local social workers, and visited "Goat Alley," "Snow court," "Raxland alley" and other squalid spots of the capital. Because of the lack of sanitation which attends all Mrs. Wilson's doings, it did not become known until yesterday when party members let out the secret. The president's wife entered several tenements and talked with mothers and children who had no idea of the identity of their distinguished guest.

The Authority on Realty Values is Dead

WASHINGTON, May 16.—Hopewell Darnell, former tax assessor of the District of Columbia and a recognized authority on realty values in the capital met death last night through a fall in the area of his home in Cleveland park, a suburb. Hearing the sound of the fall, his 15 year old daughter found him unconscious. Before medical aid could be summoned he died of hemorrhage of the brain. In addition to large holdings in local real estate Mr. Darnell had extensive silver mine properties in Mexico.

"MAYFEST" HELD

Last Night at the Swedish Lutheran Church—Large Number of Children Present

An excellent entertainment was given after which candies, creams and flowers were sold. The "Mayfest" is very fittingly celebrated by the Swedish people and last night's observance was a very popular one, it being notable for the large number of children present.

The entertainment was as follows: Piano solos, Miss Jennie Peterson; quartets, Mrs. F. E. Lindquist, Mrs. Hilda Brown, Mrs. S. F. Hammarlof, Mrs. Carolina Stromquist; song by girls, Esther Brown, Esther Ohlson, Nellie Peterson, Florence Gilmson, Florence Torgberg, Luella Johnson, Alice Olson and Helen Wallgren; cornet solo, Robert Remington, and declamation, Esther Dahlgren.

The table devoted to "glace" was under the management of Mrs. Josephine Nyström and Mrs. Mathilda Ohlson. The "blumner" or flower table was under the direction of Mrs. Carl Nilsson and Mrs. F. E. Lindquist, and the "Karameller" or candy table was supervised by Mrs. S. F. Hammarlof and Mrs. Carl Wallgren. The entertainment committee was as follows: Mrs. Emma Dahlgren, Mrs. F. E. Lindquist, Mrs. Josephine Nyström and Rev. Sven F. Hammarlof.

London Unions Protest

LONDON, May 16.—The London trades council, representing 60,000 trade unionists, passed a resolution last night expressing resentment at the appointment of Walter H. Page as American ambassador to Great Britain on the ground that he is a bitter opponent of organized labor and asking Sir Edward Grey, the British secretary for foreign affairs, to protest against receiving him.

A copy of the resolution has been sent to the president of the United States and Sir Edward Grey and every trade and labor council in the kingdom has been invited to pass a similar resolution.

The London Trades council took action on a letter from the Allied Trade council of Greater New York.

Street Battle

NEW YORK, May 16.—A crowd of school children ran, shrieking to cover yesterday when two groups of gangsters met and began using their revolvers on a street in the Williamsburg section of Brooklyn.

Eight men engaged in the fight and two of them lay mortally wounded when a lone policeman dashed upon the scene, firing his pistol. The other six men ran, but two of them were caught.

FEDERAL INQUIRY INTO INDUSTRIES WHERE WAGES ARE CUT BECAUSE OF TARIFF

TYPICAL SCENE IN POTTERY

Secretary of Commerce REDFIELD

WASHINGTON, May 16.—The announcement by Secretary of Commerce William C. Redfield that his department would investigate all industries in which wages were cut following the passage of the Underwood tariff bill has caused a big stir among manufacturers throughout the country, judging from protests received here. The pottery industry will be the first to be investigated by Secretary Redfield because of the threatened reduction in wages due to the promised new tariff rates. Speaking before the National Association of Employing Lithographers, Mr. Redfield stated plainly that the investigation will be extended to all industries in which wages were cut. Mr. Redfield read from a circular sent out by the lithographers in which they said the reduction of tariff on their articles of manufacture would be followed

by reduction of wages and idleness for many of their workmen. Mr. Redfield told them that such a course would be likely to lead to an investigation. Mr. Redfield said he would not regard the American manufacturer as worsted in competition with the world until the efficiency of American mills was raised to the highest possible standard. "If I grasp the public mind at all clearly," he said, "it holds unfavorable views toward reduction of wages except under the direst necessity. As, therefore, the reduction of wages has direct social effects and as the public has the right to efficiency in the factory service, the department has undertaken to find out whether the facts do or do not justify the threatened reduction. Observe that in saying the 'facts' one does not merely mean the facts as they are, but also the facts as they ought to be. Operating with bad equipment, with unsatisfactory treatment of material, with antiquated methods, in poor locations, with insufficient capital and generally ineffective management will not be esteemed a satisfactory reason for

reducing wages." The government's investigation, the secretary assured his hearers, would not be carried on in a "trust busting" spirit, but rather with the idea of aiding any industry that had dropped into a rut. He said few persons realized how efficient was the investigation machinery of the department of commerce. He described ramifications of the bureau of standards, the bureau of foreign and domestic commerce, the bureau of corporations and the bureau of labor statistics. He added that the department of labor, which would work in harmony in any such investigation, also had many agencies to set in motion.

M. T. I. SMOKE TALK

Several Well Known
Speakers Engaged

The Mathew Temperance Institute has about completed arrangements for its first grand smoke talk which will be held in its new quarters in the Mansur building next Tuesday evening, May 20th. The committee in arranging for this brilliant event has gone into this affair with the expectation of making it one of the most elaborate functions ever conducted by the institute. Among the speakers are Hon. Philip Riley of Lynn, a temperance orator of note, Supt. of Police Redmond Welch, Supt. of Schools Hugh J. Molloy and Rev. Dr. D. J. Keleher, chaplain of the society. A fine musical program has also been arranged, and a light buffet lunch will be served during intermission.

The M. T. I. Bachelor Girls held a rehearsal last evening with a good attendance. On next Wednesday evening a dress rehearsal will be held. The Mathews will hold a shirtwaist party in their hall Thursday evening, May 23. A large committee has charge of the affair.

Pretty Social and Dance
The second annual social and dance of the Pawtucketville Athletic association was held at the Vesper boathouse last night and was well patronized. Broderick's orchestra furnished excellent music in a concert and for the dance order of about 20 numbers with extras and the party broke up at a late hour after an evening of the greatest pleasure. The officers in charge of the event were the following: William Graves, general manager; Joseph Perkins, assistant general manager; Walter Cunningham, floor director; William Gaynor, assistant floor director; Bert Vining, treasurer.

Lowell Council, K. of C.
This evening there will be a meeting of Lowell council, 75, Knights of Columbus, to take action on the death of their late brother, Thomas J. Mulligan. Grand Knight Thornton has urged all the members to be present at this meeting, which will be called at 8 o'clock, sharp.

Another Lot of Trust Pianos Sent in for Sacrifice!

The recent financial stringency drove many fine pianos to our sacrifice floor. A man can get along without his high-class piano better than almost anything else in his house. During these "tight-money" times we have sold pianos for prices so low that it seemed to us that people

could not believe our sacrifice quotations. Some of our prices do seem ridiculous, but sell we must and it's good hard cash that's wanted by the sellers—it's the seller's tough luck that makes the buyer's good luck. You owe it to yourself to investigate the sacrifice piano sales of the Roxbury Storage Salesrooms. This week will be a wonderful one for bargains.

HIS VETO SUSTAINED

Senate a Bit Considerate
of Gov. Foss' Feelings

The senate was more considerate of the feelings of Gov. Foss yesterday than it was on Tuesday, when it passed three bills over his veto. Yesterday, the body took up by special assignment the veto of the Spanish War Veterans preference and by a vote of 15 to 15 and one pair, sustained him.

The vote follows:
For passing over the veto—Allen, Bagley, Brennan, Chase, Clark, Draper, Fitzgerald, Halley, Hickey, Morgan, Johnson, Joyce, Mack, McCarthy, McGonagle, Norwood, Timilty, Wells—15.

Opposed—Bareley, Bellamy, Eldridge, Fay, Fisher, Garst, Hersey, Hilton, Hobbs, McNamee, Montague, Stearns, Ward, Wheeler, Williams—15.
Paired—For, Coolidge; against, Gordon.

Reconsideration of Pensioners
Pensioners were again discussed in the senate yesterday. After a lively debate on the bill to pension state house scrub women on reaching the age of 60, the senate refused to raise the amount from \$3 a week to \$5 and the measure passed the third reading.

Montague of Boston moved reconsideration of the veto whereby the senate on Wednesday rejected his amendment to the Boston firemen's pension bill to make the retirement at 55 years, instead of 50.

Horgan of Boston said the matter had been well threshed out Wednesday, and he desired to know the reason for reconsideration.

Senator Montague said if he understood this bill, a fireman in good health having served the required term could retire at 50, and he thought that 55 years is full early enough for a fireman to retire unless disabled.

Hobbs of Worcester said the bill carried the referendum and he thought that it could safely be left on that. Clark of Brockton said that this is not merely a Boston bill, but it interests every other municipality that has a fire department. If Boston retires its firemen at 50 it will not be long before the firemen of every other city in the state will be asking the same treatment.

The senate reconsidered its vote on a roll call by a vote of 12 to 12 with two pairs.

THREE MILE RACE

Opportunity for Local Runners to
Compete in Long Distance Event
on June 18 at the South Common

On June 18, the evening scheduled for the holding of the lawn party of St. Margaret's church at the Casino grounds in Thorndike street, there will be a special athletic feature in the form of a three mile run, open, the course to be around the South common. This was decided upon at a meeting of the sports committee last evening.

It is the intention of the committee to make this an exceptional event and one which will go down in the history of Lowell sporting life. As it is there are very few, if any, open track events held in this city to give the amateur runners an opportunity of competing at home and it is well known that there are some fast men in this city. This race will give them an opportunity of showing what they can do and will give their friends a long looked for chance of seeing them in action. The course will be measured and arranged so as to have the finish in front of the Casino grounds for the convenience of the spectators. Entries may be made with Mr. William Whitson at the post office, Mr. James Hennessey, 301 Dutton street, Mr. James Morrison, 350 Gorham street or John Condon, at the Edison school.

Several of the well known local runners have announced their intention of entering the three mile race and among them are Joe Christo who made such a good showing in the B. A. A. Marathon, and Gaddard, another fast local long distance runner. Goddard and Christo are old rivals and have endeavored on numerous occasions to settle the superiority in a race. The race, however, failed always to materialize and people are still waiting to see the two matched against one another. It is quite probable that this longed for will be gratified on the evening of June 18 provided neither of them backs down before that time. There will be three valuable prizes. The race will start promptly at seven o'clock and the starter will be Mayor James E. O'Donnell.

Lawrence Here for First Time
This Season—Won Game by
Score of 9 to 8

Keen interest of fans, both local and in other cities on the New England league circuit centered about the game yesterday between the Lawrence champs and Manager Jimmy Gray's outfit representing the Spindle City. It was the first meeting of the two on the diamond this season and both have been playing good ball. Lawrence is in first place with Lowell a good second, and, moreover, Lawrence has had a remarkable record in the league thus far, leading by a good percentage. The Lowell boys, however, nothing daunted, attribute this to a streak of good fortune and today went into the game with the determination once and for all to break the winning streak of their opponents and old-time rivals.

There was a goodly crowd of fans at the park and the benches were filled with the old-time "regulars," for many of whom it was their first game this year. People who did not give a rap about the other games up to this time arranged matters so that there would be no danger of their missing the Lowell-Lawrence contest. The spectators numbered in the vicinity of 1400 and included a large delegation from the down-river city, who followed their team.

The weather favored the baseball people and, though it was a little cool, yet not to such a degree as to render the condition of the spectators uncomfortable. The umpire was Huddleston. Barron opened the game in the box for Lowell, and Pearson was on the mound for the visitors.

First Inning
Carlstrom flied out to Magee and O'Connell followed with a safe clout to right center field. He was sent away trying to steal by Monahan to Miller. Bruey hit a high one which was collected by Clemens.

Lowell topped one tally in the first. Clemens opened with a high one which O'Connell smothered and DeGroff flied away to Bruey. Miller hit safely to centerfield and stole second. Magee hit through the short stop and Miller scored. Magee going to second on the throw in to the plate. Halstein closed by flying out to Bruey.

Score—Lawrence 0, Lowell 1.

Second Inning
Dee figured in every play this half. Luster hit to Dee who fumbled but threw to Halstein in time to nail the runner. Mahoney went out by Dee to Halstein and Phoenix flied out to Dee. Monahan hit to Pearson, who tossed him out to Carlstrom. Dee hit safely to short left field but was forced out at second when Smoyer hit one to Cargo. Barron flied out to O'Connell.

Score—Lawrence 0, Lowell 1.

Third Inning
In this session Lawrence did things to the disaster of Lowell. Cargo walked and went to second on a sacrifice by Dreymler who was put away by Halstein to Miller, the latter covering the first sack. Pearson died. Bruey hit to Halstein. Carlstrom got a home run over the right field fence scoring Cargo. O'Connell got a two base hit to left field and scored when Bruey slid to the same starting point. Halstein hit to left and scored Bruey who had advanced to second base. Mahoney walked and stole second and on the throw to get him, Luster scored. Both Monahan's and Smoyer's throws were poor. Phoenix hit to left field, scoring Mahoney and Cargo closed the half by hitting an easy one which Barron tossed to Halstein.

The third was a fairly profitable inning for the Lowell players also, netting them four runs. Clemens hit to Phoenix, who threw him out to Carlstrom. DeGroff hit safely to right field and Miller was safe at first when Cargo hit to left field. Magee hit safely to left field, filling the bases. Halstein then drove the ball to right field near the foul line for three bases, scoring DeGroff, Miller and Magee. Monahan hit a foul fly to Mahoney and Halstein scored when he doubled to left field along the foul line. Smoyer hit the ball about one foot in front of the plate and was tagged out by Dreymler.

Score—Lawrence 6, Lowell 5.

Fourth Inning
Dreymler was out when he hit to Miller. Pearson got a hit to center but was forced out at second when Carlstrom hit to Miller. Carlstrom stole second, but O'Connell's grounder was fielded to Halstein by Smoyer.

Barron, the first man for Lowell, was safe when Cargo flied his grounder. Martin, a southpaw, started this inning in place of Pearson for Lawrence. Clemens put up a foul fly which the Lawrence catcher took care of. DeGroff flied out to Bruey in left field, and Miller struck out.

Fifth Inning
Lawrence went out in order in the fifth. Dee scooped up Bruey's fast grounder and shot it to first ahead of the runner. Barron flied Luster's slow grounder and Halstein made another out. Mahoney flied out to Barron. No runs.

Magee walked but Dreymler caught him at second when he tried to steal. Halstein walked and went out by the same route when he attempted to advance a base. Bruey made a great error after Monahan's long fly and finally got under it.

Sixth Inning
Smoyer hit Phoenix hard but ground out away from him. Cargo sacrificed him to second. Dreymler popped to Monahan and Martin was out. Barron to Halstein.

Dee was out at first when he hit the first ball pitched to Phoenix. The latter made a great stop and throw to first. Smoyer walked but was forced out at second when Barron hit to left field. Bruey made a great error after Monahan's long fly and finally got under it.

NEW NAVAL SEAGULL A SUCCESS;
COFFYN SKIMS WATER AND FLIES

WASHINGTON, May 16.—Uncle Sam's new water bird, the flying boat, is a success. The trials held recently at Marblehead, Mass., showed that the naval seagull could rise from the water within a distance of 1,000 feet, stay in the air for over an hour and ride at anchor in the open sea for more than half an hour. Thus the winged boat met all the requirements of the navy department. Frank Coffyn, the aviator, conducted the trials for the government.

The ball that Phoenix lifted over the left field fence in the eighth inning was a great big outshoot which cut the plate in two. All that he had to do was just put his stick in front of it and away it sailed over the fence, fair by ten feet.

The Lawrence outfield is a mighty fast trio of ball players. They made 10 of the 27 putouts for the team without an error and, averaging them together, batted for .423. Some outfielders:

Manager Picher will certainly talk no matter what kind of a quandary he is in. Some of the umpire's decisions did not suit him yesterday. "Make a noise like an umpire, anyway," yelled Picher from the first base lines when he was coaching. It would be worth the price of admission to see the Lawrence manager and Umpire O'Brien in a debate.

Breymler's arm was in great shape yesterday. He is a big fellow and has lots of beef behind his throwing whip. The ball travels on a straight line after leaving his hand and travels fast as both Magee and the speedy Halstein found out to their sorrow. Miller was the only man who bent out the ball on a good leave.

PHILADELPHIA, May 16.—If ever a manager and his squad of players had their hearts set to be champions, that team is Connie Mack's Philadelphia American league club. The tall leader of the former world's champions is frank to admit that he expects to win the championship this year upon one condition. That is that the pitchers deliver the goods.

Connie is going to see that they do their work this season, and not lay down on him as they did last year. Up to date only three Athletic pitchers have gone the full nine innings. Connie has switched his usual mode of procedure. Instead of confiding the feelings of the pitchers, he is making many and rapid changes in the box during every game. He has a staff of ten pitchers, larger than that of any other major league team.

During their game Connie has three pitchers working up. The latest man in the box is the least bit. Connie yanks him out and sends one of the relief pitchers to the mound. If that man falters, another is rushed to his rescue. That explains the unusual slight of two or three Athletic pitchers, culminating in one game, whereas the general rule is for one pitcher to go through the distance with the Quakers.

The Athletics' \$100,000 infield is as good as gold this year. McNair, Collins, Barry and Baker are going an even better pace than in the past two years. Strunk, until his injury, was playing a remarkable outfield game. Eddie Murphy has proved an excellent substitute for Danny Murphy, while Edling is hitting and fielding in grand form. The catching staff has been strengthened by the addition of Schanz, while Ira Thomas has come back to the team of two years ago.

It now looks as though Cleveland, Boston and Washington will have to do the uphill fighting this year, with the Athletics making the pace. It is a sure thing that Connie has set his mind upon taking every game he can reach from the start. He believes that a game won now is as good as a game won in September.

Gorham A. C. Squealed
The Warrens had a game scheduled with the Gorham A. C. for Saturday and failed to put in an appearance at the South common. This looks like quitting cold, and the Warrens ought to retire from baseball if that is their game. We would like to hear the reason for their non-appearance from their manager, for there is always two sides to a story, and we have the version of the Gorham people. The Gorham would like to play the Red Sox, the Crystals, or the Tigers of North Billerica. Manager, William Carroll, 121 Gorham street.

They Do Come Back
The N. Y. E's and the Young Democrats played a hot game on the North common, and the former were victorious by the score of 10 to 6. The same teams will have it out again this coming Saturday.

Make a Date
The manager of the Young Red Sox would be pleased to arrange a meeting with the manager of the Maples in front of The Sun office at half past seven sharp on Friday night to make arrangements for a game for Saturday. Both men bring seconds.

Can Whip 'Em All
The Young Giants can win any team under the age of 11 years. If you don't believe this, ask George Morrison, 226 Cross street.

"Too Good For Us"
J. Maloney, 31 Franklin court, manager of the Orioles, states that his team challenged the Wilder A. C. and that the latter organization backed down, for the reason of the batting average of one of the Orioles. It is now up to the Wilder A. C. to remain quiet and play toss and catch in their back yards. If they can show a streak like that, it is something new to us to object to a team because one of its men is a good batter and it sounds like saying "sure we could beat you, but you are too good for us." Wilders, step quietly back and take a secluded seat in the rear.

Show Yellow Streak
Desiring a game for the morning of Memorial day, the White Sox challenge any 14-year-old team. They say that they would like to play the Orioles, who are making such a fuss about the Wilders showing a streak of yellow, and are confident that they can find the same characteristics in the Orioles. The White Sox claim to have a wonder in their southpaw, Bachelor.

Game on Fair Grounds
The Groves are matched to play the St. Columba's aggregation on Saturday afternoon at the Fair grounds.

To his surprise he was handed a letter which informed him that his father had died and left him an estate worth upwards of \$30,000.

Burkes Play Tomorrow
The game tomorrow afternoon at Spaulding park between the Burkes and the Progressives of Beverly will begin promptly at 3.15 p. m., unless the weather is so inclement as to make the game impossible. If this condition exists, however, the game will be played off at an early date at Spaulding park.

Manager Coughlin has definitely announced his choice for tomorrow's slug duty. "Nixey" has picked out "Red" Sharkey for the task of staying off the political wand-wavers from Beverly. "Red" is in great condition and has had several offers to go away with clubs in organized ball. The remuneration, however, would not have amounted to as much as the old South End twirl makes at his regular occupation, and he has turned them all down. His old reaters, the South End fans, will be on hand in large numbers tomorrow to watch "Red" work.

The rest of the team has not been decided upon by the Burkes' manager as yet. He has a dearth of good material from which to select nine players and will use his best judgment in picking his strongest lineup for tomorrow. Following are the list of men and their will be chosen p. Sharkey; c. McGreevey; Clark and Dool; infielders, Curry, O'Dea, Cashman, Marcotte, Jenkins, Hollanshee; outfielders, Ganley, Buckley, White and Condon.

After defeating the Shedd park team Saturday by the score of 14 to 9, the Shawlits would like to arrange a game with any other team in the city.

Philadelphia Pitcher is Killed
POTTSVILLE, Pa., May 16.—Clarence H. Irvin, a star baseball pitcher of this vicinity who was signed by Manager Connie Mack of the Philadelphia American league club and who was to report for duty on May 23, was instantly killed yesterday by tripping and falling in front of a Philadelphia and Reading locomotive near Cressona, Pa. He was employed as brakeman.

Masonic Club Tournament Closed
This week saw the close of a long tournament of games at Lowell Mason club and the prize winners have been announced as follows: Billiards, R. G. Dudley, second, W. N. Osgood; pool 1st division, A. G. Foster, second V. A. French; time prize, for completing schedule first, won by J. H. Redman; pool 2nd division, first J. M. Fletcher, second W. H. Peppin, time prize R. C. Turner. There were valuable prizes for each of the events. The tournament was participated in by about 80 members. There will be a similar contest started with the coming of the fall and the plans for it are already being made.

Blue Ribbons, No. Billerica, tonight.

Meeting of the Socialist Club
The regular meeting of the Lowell Socialist club was held last evening at 21 Central street with good attendance and several new members were elected. Important business was discussed and acted upon. The meetings are held every Thursday night.

Wilson. Bell claims a popular vote
on the bill would be justified to show just how the people of California feel on the anti-Jap legislation. It is believed that the vote would be overwhelmingly in favor of the new law, but such action would hold up the effectiveness of the law for the time being, thus gaining the delay for which the administration has asked.

Gilbride's Great Anniversary Sale
The great anniversary sale goes merrily on at the Gilbride Department Store, in spite of weather conditions, and it is a great success. The people of this city and vicinity know that when the Gilbride company organized a special sale that it means a great big saving to every purchaser who attends the sale, and they take advantage of the opportunity. For the past three days the clerks in each and every department have been as busy as bees waiting on the throngs of people that have taken advantage of this great anniversary sale. Mr. John J. Burns was well satisfied when he saw the great crowds of people leaving the store with their bundles of merchandise. In fact, the proprietors were happy and so were the customers that got these great anniversary bargains. The sale

will continue for the rest of the week.
Don't let this opportunity get by you, but call today or tomorrow.

10,000 STRIKERS AT MEETING

Strike Leader, Under Indictment, Advises Workers to Tie Up Every Garage and Car Line

PATERSON, N. J., May 16.—All powers cheering madly when Adolph Lessig, Jersey car plants here are under guard today one of those indicted on a similar charge in view of threats of a general strike charge advised them to tie up every garage and street car line in the city meeting of striking 8000 auto workers and put out all the lights for a couple of hours to protest against the conviction of Lessig.

Boycott Merchants. Quilman spoke of his conviction and predicted that Haywood, Lessig, Carlo, Theresa and Elizabeth Gurley Flynn would also be railroaded by perjuring themselves.

Ten thousand strikers and sympathizers attended the protest meeting, which was held at the headquarters of Patrick Quilman, Industrial Workers of the World leader.

police. He advised a boycott of all merchants who advertised in newspapers which did not favor the Industrial Workers of the World.

Haywood spoke of the possibility of his conviction and added there were others ready to take his place if he went to prison.

"Editor will take my place," he shouted. "Giovannitti will take Lessig's, Matilda Rabinovitch will take Miss Flynn's and others will come to take the place of Quilman and Lessig. We are out for eight hours and we're going to get it and no court in New Jersey can declare our law unconstitutional. Yes, I tell you, we are going to get eight hours this year and next year we will strike and demand six hours as a work day and we will get it, too."

Miss Christine Mitchell of Exeter, N. H., is visiting her cousin, Mrs. Seymour of Gorham Street.

THAT KNOX AUTOMOBILE

Continues to Be the Bone of Contention

And Now Letter of Chief Justice Enters In

What presumably was meant for the closing chapter in the Knox automobile case may prove the first chapter of a new story, for it would seem that the parties to the affair do not agree on facts. So much has been said and written about this particular machine that the subject is rather stale and to resurrect it would be unparliamentary, except for the fact that a letter from the chief justice becomes a new factor in the case.

It seems that Mayor James E. O'Donnell wrote a letter to Chief Justice Arthur P. Rugg, of Worcester, stating in relation to the Knox automobile case now pending before the court, that the controversy over the subject matter had been settled by agreement of parties to the contract. The mayor said he wrote the letter to save the chief justice unnecessary labor.

Albert S. Howard, counsel for Commissioner George H. Brown, who brought the injunction proceedings restraining the city treasurer from paying for the Knox automobile said he did not know anything about any agreement or settlement having been arrived at until he received a letter from Chief Justice Rugg.

Mr. Frank E. Dunbar, who represents the city of Lowell in the case, having been engaged by the city solicitor, received a copy of the letter sent to Mr. Howard. The letter reads as follows:

Messrs. F. E. Dunbar and A. S. Howard, Lowell, Mass.

Dear Sirs: I am in receipt of a letter from Hon. James E. O'Donnell, mayor of Lowell, stating that the entire subject matter of the controversy in No. 674, equity, Brown vs. O'Donnell, has been settled by agreement of parties.

Under these circumstances the proper entry seems to me to be repleat discharged. I do not hear from you to the contrary before Monday of next week. I will then order that entry made.

Yours very truly,
Arthur P. Rugg,
Chief Justice.

The Mayor's Letter

The following is a copy of Mayor O'Donnell's letter to Chief Justice Rugg:

May Twelfth.
To the Honorable, the Chief Justice of the Supreme Judicial Court, for the Commonwealth of Massachusetts.

Dear Sir—
George H. Brown, et al., vs. James E. O'Donnell, et al.

Middlesex Ct. March Sitting, 1911. At the March sitting, in 1911, arguments were made in the above entitled case, the question at issue being, whether or not a certain automobile had been properly contracted for by the city of Lowell.

The question having been raised, the municipal government of the city of Lowell decided to cancel the contract for the automobile with the consent of the other parties to the agreement, which was done. Then the city government called for new bids for the purchase of an automobile. Bids were offered by different manufacturers, received by the government, and a machine purchased and paid for, thus disposing of the entire subject matter of the controversy.

I feel it my duty to notify you of these facts, that you may be saved some unnecessary labor. Respectfully yours,
James E. O'Donnell, Mayor.

ing your letter of May 14th, informing me that you were in receipt of a letter from Hon. James E. O'Donnell, mayor of Lowell, stating that the entire subject matter of the controversy in No. 674, equity, Brown vs. O'Donnell, has been disposed of by agreement of parties. I am very much surprised that Mr. O'Donnell should have made this statement, because so far as I know, no part of the subject matter of the controversy in No. 674 equity has been disposed of by agreement of parties. I certainly have made no agreement with anybody disposing of any part of this controversy nor have my clients, according to the best of my information and belief. Mr. Dunbar, to whom your letter is also addressed, informs me that he knows of no such agreement. If you think it advisable to have a conference with the parties about this matter I should be very glad to attend.

Yours very truly,
Albert S. Howard.

TABLET FROM WRECK
OF BATTLESHIP MAINE

Will be Donated to City of Lowell
by Congressman John
Jacob Rogers

Lowell is to have a bronze tablet made from the wreck of the Maine. It will be donated by Congressman John Jacob Rogers. Last year, by act of congress, the secretaries of war and

JOHN J. ROGERS

of the navy were authorized to have these tablets made in commemoration of the great disaster of 15 years ago, and the first impression of these tablets reached the navy department a few days ago. It was viewed by Congressman Rogers, and the congressman lost no time in addressing a letter to Mayor

O'Donnell enclosing an application, the proper filling of which is prerequisite to the issuance of the tablet. The application will be signed by the mayor and the other four members of the municipal council and will bear the seal of the city of Lowell. Congressman Rogers letter to the mayor is as follows:

House of Representatives, U. S.,
D. C., May 13, 1913.
Hon. James E. O'Donnell, Mayor,
Lowell, Mass.
My Dear Mr. Mayor—Under the act of congress approved Aug. 22, 1912, the secretaries of war and of the navy are authorized to have made from the wreck of the Maine bronze tablets in commemoration of the great disaster of 15 years ago. The law provides that, aside from the survivors of the Maine, or heirs of survivors, cities of the United States, not towns, and military and naval associations and societies in the United States may, under certain conditions, be permitted to receive at cost a tablet, the number to be awarded throughout the United States, however, to be between one and two thousand.

The first impression of these tablets only today reached the navy department, and this afternoon I have had the pleasure of viewing it. It is expected that hereafter, until the entire number is struck off, the tablets will be issued at the rate of about 25 per week. The tablets are about 13 by 18 inches in size, weight about 15 pounds, and are most artistic in appearance. It occurred to me that, ornamentally as well as patriotically speaking, it was most fitting that the city of Lowell should have a notable share in the achievements of the war with Spain, should be the possessor of one of these tablets. I should be very proud to be permitted to make the donation thereof. If you approve, please sign, affix the seal of the city of Lowell to and return the enclosed application, the proper filling of which by a body authorized under the law to receive a tablet is a prerequisite to the issuance. Very truly yours,
John Jacob Rogers.

O.M.I. CADETS TO MEET THE SUPERIOR COURT

Will March to Home of
Late T.J. Mulligan

The O. M. I. Cadets will hold a special meeting in the Immaculate Conception school hall at 7.30 o'clock this evening. They will wear their blue uniforms and hats, and after formation will march to the home of the late Thomas J. Mulligan on Pleasant street, and offer prayer for the repose of his soul. The little soldiers deeply feel the loss of Mr. Mulligan, who was a great admirer of their organization, and who assisted their chaplain, Rev. D. A. Sullivan, O. M. I., in all matters of interest to the cadets. At their regular meeting last Wednesday evening, the cadets, led by Fr. Sullivan, offered public prayer for the repose of Mr. Mulligan's soul.

A STORY IN PICTURES

Interesting Exhibit Coming to Lowell

An exhibit comprising photographs of conditions existing in manufacturing establishments and other places of employment will be brought to Lowell, the first of June. The photographs are the property of the state board of health and the Boston board of health. The photographs are now on exhibition in Lawrence and it was Dr. Charles E. Simpson, the state inspector of health, who first suggested that the exhibit be brought to Lowell. Dr. Simpson says that the photographs show the sanitary and unsanitary, the good and bad conditions existing in the various establishments and he says the pictures tell a very plain story. The local board of health is interested in having the exhibit brought to Lowell and Dr. Carroll has talked with Agent Richardson of the state board of health relative to it. Mr. Richardson said he thought it very probable that the photographs could be shown in this city after Lawrence had finished with them and that will be June 1. The exhibit will be placed in the public library and the only expense attached will be that of transportation and the "set up." The expense is estimated at about \$150.

MURDERER GETS
LIFE SENTENCE

Mrs. Jessie M. Chapman of Lynn
Pleaded Guilty to Murder Charge
in Salem Court Today

SALEM, May 16.—Mrs. Jessie M. Chapman of Lynn, who killed Mrs. Eva Ingalls because, she said, her neighbor had slandered her, today pleaded guilty of murder in the second degree and was sentenced to life imprisonment at the reformatory for women at Sherborn.

The woman was indicted soon after the shooting, which occurred March 12, but had never been arraigned because for a time the question of her sanity was undecided.

Mrs. Chapman followed her victim on the street for several blocks and then fired five bullets from a revolver into her. Mrs. Ingalls died instantly and her assailant went into the house of another neighbor. When arrested she said to the police: "I just had to do it."

Investigation showed that Mrs. Chapman had previously threatened to kill Mrs. Ingalls, declaring that the latter had attacked her character. Mrs. Chapman is 45 years old.

WASHINGTON, May 16.—Senator James, credited with speaking for President Wilson and the administration, interpreted the Baltimore platform in a speech in the senate today as committing the president and the democratic party to free sugar. His remarks were in reply to the declaration by Senator Ransdell and Senator-elect Grosvenor of Louisiana that it did not in the gallery listening closely was Joseph E. Tumulty, secretary to the president, who went to the capitol to hear the reply to the anti-free sugar democrats, who for two days have been assailing the sugar schedule which President Wilson has declared will not be compromised if he can help it.

Senator James said that the platform adopted at the Baltimore convention approved the course of the democratic house in the last session of congress and that it included approval of the Underwood free sugar bill. He read a paragraph from the democratic campaign text book approving the "excellent record of the house" in placing sugar on the free list.

Senator Ransdell asked if President Wilson did not declare in a speech at Pittsburgh that he did not stand for free trade. Senator James returned that the president was not a free trader and that the proposed bill calculated to raise \$300,000,000 in revenue was not a free trade bill.

"If you say President Wilson is a free trader because he favors free sugar," demanded Senator James, "did you call yourself a free trader when you voted for free bread and free shoes?"

Senator Ransdell denied he was a free trader and asked if the democratic national committee had not instructed its orators in the west not to discuss free sugar and also if the party would not have been defeated if they had discussed it there.

Senator James eloquently praised President Wilson's stand for free sugar.

"If William H. Taft had had half the courage of Woodrow Wilson he would have vetoed the Payne-Aldrich bill and

bonfires would have been burned on every hillside in his honor and, in my opinion, he would have been re-elected."

President Wilson says he is in favor of free sugar and free wool and wants no compromise. At Pittsburgh he merely said he did not want to destroy any legitimate industry. I challenge you to find anybody to whom Woodrow Wilson ever said he was not in favor of free sugar.

Senator Ransdell inquired if he considered the sugar business of the south and west legitimate.

"Legally not; but not economically," replied Senator James.

Arrests Made—Cars Running on Four Lines

CINCINNATI, O., May 16.—Street cars seven cars are being operated over the service in this city was somewhat more extended today when the Cincinnati Traction Co. began operations of three additional lines. One line was running Fifth and Walnut streets and for 15 minutes rocks, bricks and other missiles were hurled through the car. Ten arrests were made.

INQUEST INTO DEATH OF EATON

Resumed Before Judge Pratt at
Hingham—Dist. Atty. Barker
Conducts Examination

HINGHAM, May 16.—The inquest into the death of Rear-Admiral Joseph G. Eaton was resumed before District Court Judge Edward B. Pratt here today after a suspension of more than six weeks. District Attorney Barker conducted the examination of the witnesses.

Those summoned to testify included Andrew P. Jacobs of Norwalk, who once worked for the admiral, and Mrs. James Thoms of Hingham, whose attentions to June Ainsworth, one of Mrs. Eaton's two daughters by her first marriage, are alleged to have aroused the admiral's displeasure; W. W. Wright, a Rockland reporter; Chester L. Estes, a druggist of Rockland, and two other men whose identity was not disclosed.

Mrs. Eaton is accused of having poisoned her husband and is awaiting trial.

LABOR AND INDUSTRIES BOARD

Act. Creating it Will Take Effect

June 1—Will Assist Board of
Health and Police

An act to establish a state board of labor and industries was approved June 10, 1912, and the act takes effect on the first day of next month. The board will consist of five members to be appointed by the governor and so far as is known the governor has not yet made the appointments. The board will be a sort of factory commission and will relieve the state board of health and the state police of considerable work along that line. It is understood, however, that the state board of health will be given more direct health work, and will still continue to look after such institutions as the house of correction, jails, etc.

Dr. Charles E. Simpson is the state inspector of health in these parts and he has lately had added to his territory, the city of Lawrence and the towns of Methuen, Andover and North Andover. His territory now includes three cities, Lowell, Lawrence and Woburn, and about 30 towns. It takes the inspector

quite a while to cover his whole district, but in case of contagious diseases he gets a daily report from the cities and towns in his district.

Section 4 of the act creating the state board of labor and industries, reads as follows:

"The board may investigate the conditions existing in any line of industry carried on by inhabitants of the commonwealth, and such investigation may be extended outside of the commonwealth to procure information for the promotion of industrial development or improvement of industrial conditions. The board shall receive all complaints concerning conditions existing in any industry carried on by inhabitants of the commonwealth, or concerning alleged violations of any laws enforced under its direction, and shall thereupon make or direct all needful and appropriate investigations and prosecutions. It may employ experts or other necessary assistants to aid in the performance of any duty imposed upon it by law. It may make rules not inconsistent with existing law for carrying out the provisions of this act."

As showing the board's relation to the state board of health the following is stated in section six: "The said board shall promptly report to the state board of health all cases of disease in industrial establishments which may affect the health of the community."

Buildings used for industrial purposes under the meaning of the act include factories, workshops, bakeries, mechanical establishments, law offices, tenement house workshops, and all other buildings or parts of buildings in which manufacturing is carried on. It is stated, however, that nothing in the act shall be construed to prevent the state inspectors of health from entering buildings used for industrial purposes when required by their duty, to protect the health of the community.

Section 7 gives to the board the authority to appoint not more than two deputy commissioners of labor, who shall be under the direction of and responsible to the commissioner. One of the said deputies shall be especially qualified to supervise the enforcement of laws under the jurisdiction of the board which relate to the health of persons employed in buildings used for industrial purposes and shall be charged with that duty.

The salary of the chairman of the board shall be \$1500 a year, and the salary of each of the other members of the board shall be \$1000 a year. The salary of the commissioner of labor shall be determined by the board, and shall not be less than \$500 nor more than \$7500 a year. The term of office of members of the board shall be five years, except that when first appointed one of the members shall be appointed for four years, one for three years, one for two years, and one for one year. The member at that time to be appointed for five years to be chairman. One member of the board shall be an employer of labor, one a wage earner, one a physician or a sanitary engineer, and at least one a woman.

STATE NORMAL SCHOOL

Notable Musical Event
Held This Afternoon

This afternoon the Glee club of the State Normal school gave a very pleasing and admirably executed concert before a large and appreciative audience in the assembly hall of the school. The distinguished and accomplished soprano, Madame Wilhelmina Wright Calvert of Boston was the soloist and delighted her hearers. The chorus work of the Glee club was most commendable, showing the result of earnest preparation, and no little credit is due Mr. Albert Edmund Brown, the director, under whose supervision the concert was prepared, rehearsed and given. The parts were remarkably clear and bore the pleasing quality of pleasing distinctness and blending of tones, there being none of the blurring or rough intermingling of the voices, characteristic of many choruses. The accompanists were Miss Fannie A. Meyer and Mrs. Albert E. Brown. The program was comprised of the following selected numbers:

"Spinning Chorus" ("The Flying Dutchman") Wagner
"The Club" Wagner
"A May Morning" Denza
"By Manzanara" Jensen
"Birds in the Night" Sullivan
"The Club" Sullivan
"The Image of the Rose" Reichardt
"The Club and Mine, Calvert" MacFarren
"You Spotted Snakes" MacFarren
"The Club" MacFarren
Duet—"It was a Lover and His Love" Waltham
"The Words from 'As You Like It'" MacFarren
"The Club and Mine, Calvert" MacFarren
"Drink to Me Only With Thine Eyes" Old English
"The Club" Old English

"Mignonette" Weckerlin
"Symphony and Fauna" Benberg
"The Club" Benberg
"In Old Madrid" Protege
"The Club" Protege
"Wynken, Blynken and Nod" Nevill
"The Club and Mine, Calvert" MacFarren
"A Old German Shepherd's Song" Kienzl
"Sweet and Low" Barnby
"The Club" Barnby
"Hymn to the Mother" Kremsier
"The Club and Mine, Calvert" MacFarren
"The Quaker" Adams
Aria—"Elsa's Dream" (Lohengrin) Wagner
"The Club" Wagner
"Society Falling Twilight Shadows" Lambeth
"The Club" Lambeth
"Sextet" (Lucia) Bonicatti
"The Club" Bonicatti

This evening there will be a dance for the girls of the normal school and invited guests, a private social event for which elaborate preparations have been made. Tomorrow afternoon there will take place the annual banquet of the alumnae association of the school in the assembly hall. Superintendent of Schools Hugh J. Molloy is to act as toastmaster and several good speakers have been secured.

A piano recital was given last night by the pupils of Miss Christabel Gleason. The program consisted of many numbers, all of which were very well rendered, the last number by Miss Gleason being exceptionally pleasing.

MIDDLESEX COUNTY W. C. T. U.

Held Institute at Westford—Miss Hughes of New Zealand Interviewed by Sun Reporter

The spring convention and institute of the Middlesex County Women's Christian Temperance Union was held yesterday at the Union Congregational church in Westford. There was a large attendance and the meeting was a very interesting one. About 150 delegates attended, coming from the following places, where there are branches of the union: South Acton, West Acton, Arlington, Ayer, Cambridge, Concord, Concord Junction, Littleton, Lowell, Malden, Maynard, Medford, Melrose, Newton, West Newton, Pepperell, Reading, Somerville, West Somerville, Stoneham, Watertown, Wellesley Hills, Winchester, Woburn and Westford. A feature of the day was an address by Miss Anderson Hughes of New Zealand, who has made a name for herself in Australia and Great Britain as a lecturer on temperance and prohibition.

OLIVE TABLETS OIL
THE BOWELS

A Physician's Substitute for
Dangerous Calomel

When you feel that your liver and bowels need help, take Dr. Edwards' Olive Tablets. Substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects. Olive Tablets are especially made to take the place of Calomel. Dr. Edwards for years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice, treating patients for all kinds of liver and bowel complaints. In his efforts to do without Calomel he developed his now famous little olive-oil-colored tablets. Olive Tablets are mild but effective. Safe and sure. Pleasant to take but unfailing in results.

Olive Tablets oil the bowels just enough to start Nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil.

If you want to regain that feeling of joyous buoyancy and clear thought take Dr. Edwards' Olive Tablets. They work like a vacation. 10 and 25 cents per box.

"Every little Olive Tablet has a movement all its own."
The Olive Tablet Co., Columbus, O.

visited Egypt and Palestine, and gives her experiences of these places in a popular lantern lecture, which is of special interest to bible students, who are desiring a correct idea of Palestine today.

Present also at the convention today were the following county officers of the union:

Mrs. Abby F. Rolfe, Concord, president; Mrs. Grace M. Hamilton, Winchester, vice president; Mrs. Augustus R. Brigham, Malden, secretary; Dr. N. Louise Rand, West Newton, assistant secretary; Miss G. A. Richardson, Braintree, treasurer.

The convention was opened at 10 o'clock by the county president, who introduced Mrs. Janet Wright, president of the Westford W. C. T. U., who delivered a brief address of welcome in the course of which she paid a flattering compliment to the speaker of the day as well as to the other guests at the meeting. She welcomed to the

MRS. KATHERINE LENT STEVENSON.

town of Westford, and assured the delegates they could all feel at home while in the town.

The next speaker was Rev. David Wallace, pastor of the Union Congregational church, who spoke on the good work of the church toward the union. His remarks were well received. Mrs. J. T. Underhill, president of the Melrose W. C. T. U. spoke in behalf of the county and her remarks were very interesting.

The secretary then read the records of the last meeting and also gave a very descriptive account of the observance of the 10th anniversary of the union which was held in Lowell last February. The following committees were then appointed: Mrs. Janet Wright, committee on courtesies; Mrs. Augustus R. Brigham and Miss Fannie Loring, committee on subscriptions for papers.

The next number on the program was a very interesting address by Mrs. Charles W. Jones, who spoke on "Evangelistic Work." She told how the Evangelists helped in building up the union, saying that during the first year there was no speaker outside of the Evangelist church.

Other speakers were: Mrs. M. W. C. Bent, "Sabbath Observance"; Mrs. Susan A. Johnson, "Franchise"; Mrs. Abby F. Rolfe, "Mothers' Meetings." Rev. Mr. Wallace presided over the quiet hour and noontide prayer, and then the meeting adjourned till the afternoon.

A reception was held, during which time the delegates were introduced to the state officers and distinguished guests, and this was followed by a dinner, the same being served in the upper hall of the church, a hymn being rendered by the entire congregation previous to the meal.

The afternoon session was opened by a service of songs led by Mrs. Hogan, the entire congregation joining in. This was followed by devotional service by Rev. Mr. Weeks, pastor of the Unitarian church of Westford.

Mrs. G. A. Richardson, county treasurer, gave a report of the financial condition of the union and said report was received with applause for it was a substantial amount in the treasury. An interesting address on "Loyal Temperance Legion" was delivered by Mrs. Isabel G. Bartt, and a rousing speech was given by Dr. N. Louise Rand, who took for her subject, "Medical Temperance and Anti-Narcotics."

Mrs. Blaney rendered a fine vocal selection. Her number was followed by Miss Anderson Hughes of the New Zealand W. C. T. U., who spoke on

"How New Zealand Grasped the Nettle." Her address was listened to with great interest for she is a very eloquent speaker. She spoke mainly of the country where she was born and educated, and described it as one of the most progressive in the world for its legislation and situation of beauty. She enlarged on the legislation which nearly 20 years ago gave women the franchise, for since that time the said legislation has been more of a progressive nature. She pointed out how New Zealand was the first country to enfranchise its women, and was also the first to give

old age pensions, and the universal two cent postage, beside being also the first country to adopt many measures for home improvements, namely, the local option measure now in use for the past 13 years. "With this measure," said the speaker, "three-fifths of the majority is required either in local districts or whole districts for prohibition. Our vote comes every three years. We have two cards to vote upon, one for local option and another for local licenses. If the whole nation gives a vote of 80 per cent in favor of prohibition, the entire country goes dry. The total vote 15 months ago for prohibition was 55 per cent, making four per cent short to

put the entire country on prohibition grounds.

"In the event of a district going dry, it requires a three-fifths vote to bring it back to license, and as far as I know there is no place in New Zealand that has ever gone back after no-license had been voted by women. Our laws are always well enforced without any difficulty, and the result is that the prisons are practically empty, while benevolent societies have closed their quarters."

Miss Hughes then gave a thorough description of the method of voting in New Zealand and she also spoke on the mode of living in this faraway country.

Her address was listened to with great interest and at the close of her remarks one and all expressed their high appreciation of the lecture.

The last speaker on the program was Mrs. Katherine Lent Stevenson, president of the Massachusetts W. C. T. U., who outlined the work of her organization, and also gave a brief description of her two-year tour around the world, during which time she visited the branches of the union in fifty different countries. She also told of the new quarters of the union which were recently purchased and occupied at 311

Commonwealth Avenue, Boston.

The meeting closed with the singing of "Blest Be the Tie" and the white ribbon benediction.

The officers of the Westford W. C. T. U., under whose auspices the meeting was conducted, are: Mrs. Janet Wright, president; Mrs. Emma M. Day, secretary; Mrs. Adelaide M. Sawyer, treasurer.

WOMAN SHOT AS SHE ROCKS BABY

Enraged Suitor Fires Three Shots at Woman and Then Kills Himself

WORCESTER, May 16.—While Mrs. May Buxton sat in the dining room of her Lane Terrace home last night, looking to sleep her two-year-old baby girl, William G. Bemis entered the room, drew from his pocket a .38-calibre army revolver and fired three shots at the woman, all of which entered her body and probably will cause her death.

He then turned the gun upon Mrs. Frank A. Robbins, mother of Mrs. Buxton. The cartridge failed to explode, and as Mrs. Robbins rushed from the room with the baby, Bemis ran up stairs and put a bullet through his own heart.

Was Deeply in Love.
Bemis, who deserted his wife and two children 19 years ago has lived at the Buxton home for three years. Mrs. Buxton is a divorcee. Bemis was known in Worcester by the name of Grant and was employed as a teamster by a local ice company.

According to neighbors, Bemis was deeply in love with Mrs. Buxton, and it was her refusal to listen to his pleadings that caused the shooting. The Buxton home, on Lane terrace, is in the centre of the exclusive residential section of the city.

Bemis left his work late yesterday afternoon and came to the Buxton home. It is said that he demanded that Mrs. Buxton go with him, with him as his wife had learned of his presence there. Upon her refusal to do so, he became enraged. He rushed out of doors, then returned to the house and entered the apartment of Mrs. Robbins.

He besought the latter to use her influence in persuading her daughter to go with him. Her refusal to aid him the more enraged the man.

"May will go with me, or there'll be a lot of sorry people in this neighborhood," he declared as he left the house.

Only Wink III.
When he had gone, Mrs. Robbins communicated this threat to her daughter, Mrs. Buxton. They discussed

the advisability of seeking police protection from the man, but decided they could handle the affair without gaining notoriety.

As the women were talking, baby Ruth, who had been ill, became fretful. Fearing the child might need the care of a physician, Mrs. Buxton went to the bedroom. She found her little girl had become restless, after having been awakened by Bemis' exclamations. Mrs. Buxton took the baby in her arms and carried her to the dining room, where the two women resumed their talk. Baby Ruth began to cry, and her mother, to quiet her, began rocking her to sleep.

It was while she was singing that Bemis entered the room. Stealthily he had climbed the back stairs and had entered the kitchen through an open window. As he came to the dining room he paused.

"Well, May, my dear, what have you got to say for yourself now?" he asked Mrs. Buxton.

The latter attempted to reason with him. She explained the position they would be in should she go away with him and asked him to wait at least until he could secure freedom from his wife.

Drew Revolver and Fired.
Her words failed to affect him and without the slightest warning he drew the revolver from his pocket and fired.

The first bullet struck her in the left forearm, which entangled the baby's head. He fired twice more and both bullets lodged in the woman's left breast.

Mrs. Buxton fell backward in the chair unconscious. The baby dropped to the floor.

Scarcely realizing what she was doing, Mrs. Robbins clutched for the child. As she picked the little girl from the floor, Bemis pointed the gun toward her. The trigger clicked, but the fourth cartridge failed to explode.

Before Bemis could again take aim, Mrs. Robbins, with the child in her arms, fled through the side door. Bemis paused over the body of Mrs. Buxton, then, with a wild yell he turned, ran up the stairway and put a bullet through his heart.

Scores of persons from the neighborhood flocked about the house. Fearing that the man was still at large, and ready to shoot anyone who attempted to stop him, none dared to enter the residence and it was not until the arrival of the police that the facts were learned.

Officers Draw Revolvers.
Four officers, with drawn revolvers, entered the house. Mrs. Robbins, who had locked herself and the baby in one of the rooms, told of the affair. They found Mrs. Buxton lying unconscious in a pool of blood. A physician was summoned and the woman was taken to the city hospital, where little hope is entertained for her recovery.

The searchers about for Bemis and found his dead body lying on the floor of the upper hallway. There was a deep gash on his forehead where it had struck against the banister rail.

GOOD POSITIONS
PUT UP FOR COMPETITIVE EXAMS
BY CIVIL SERVICE

In One the Salary Attached is \$1200 Per Annum and the Other \$175 Per Month

Two more civil service examinations are scheduled to take place during the first week of June. The first is for the position of Inspector of food and drugs under the state board of health and the salary is \$1200 per annum. The second is for the position of electrician in the service of the directors of the port of Boston and the salary is \$175 per month. The commission announces that executive ability and tact are among the chief requirements for this position and the examination will consist of a sworn statement of experience, practical arithmetic, report writing on a choice of given subjects, and practical questions covering the installation and operation of electric light and power plants, including the generating plant with its necessary steam boilers and engines; also questions on the superintending of the operation and maintenance of such plants. Those intending to try either of the above tests must have their applications in before the 22nd day of May. Further information may be obtained from the civil service commission, Room 152 State House, Boston, or from the local secretary at the post office.

Driven to Distraction

You are nervous when the nerves are poisoned by impure blood or starved by thin, watery blood. In such cases no nerve tissue need be created, but the blood has only to be restored to a normal, healthy state to make the nerves strong and well.

To make your blood rich and red take Dr. Williams' Pink Pills. Give them a thorough trial and forget all about your nerves. The chances are that your nervous troubles will vanish when your blood is made perfectly healthy.

Mrs. Fred A. Humpston, of Pleasantville, Ohio, says: "My trouble was nervous debility and when I began taking the pills I was lifeless, had no ambition or appetite, was very weak and had lost considerable weight. My complexion was sallow, showing that my blood was impure. Any little thing irritated me. There were severe pains in the back of my neck, like something heavy pressing against it, and when these jolts came on I would have to lie down. I experienced relief after taking the first box of Dr. Williams' Pink Pills and I am now enjoying the best of health."

Dr. Williams' Pink Pills for Pale People

are just the remedy for the treatment of nervous prostration, nervous debility, neuritis, sciatica, nervous dyspepsia and St. Vitus' dance.

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 or they will be sent, postpaid, upon receipt of price by the

THE BREAK COMES

With a Vengeance. The New Tariff Bill
Dazes the Woolen Industry

Mill owners running to cover, clothiers getting out from under. Prices drop to the cyclone cellar. Imagine it, my famous Etna Blue Serge Suit knifed to \$12.50 to order; Sheriff Worsted Suitings even cut to \$12.50 to order. I must not get caught with the goods, give me the coin and empty shelves when woollens reach bottom; I'll show you low prices. I want cash. I don't want woollens. The present is the time to slaughter values, not bye and bye when everybody is trying to sell out. Let the other fellow hold the umbrella. The break is here. I am here with the greatest woolen values of years.

As you see increased costs of living in your home, fairness compels you to admit that you see it in your business. Whether you be employer or employee, you can't help seeing increased expenses in your work. If you can see the bigger expenses in your business, you must know that I have increased expenses in mine.

Ordinarily, business men make the people stand the increasing expenses of doing business. My method is to mark down the prices and do a greater business than ever—to make the increased business stand the increased expenses.

In these days of high cost of living, where can you get a suit of clothes ready made, custom made, or any other way, for \$12.50; I MEAN A GOOD SUIT—An all wool fabric—A suit that fits you—A suit that looks as good as your neighbor's—A suit that satisfies you, that satisfies your wife, your daughter, your son, your brother or your sister?

There is one place in Lowell, and FRIDAY and SATURDAY MUST BE BANNER DAYS. If I don't do a big business on the values I shall offer you, then I must admit the other fellow's theory is right, and that people don't want to save money.

Get your order in this week if possible. A day or two more on a suit now is more important to me than a dollar or two on the price.

NO MILITARY DEMONSTRATION

Pres. Wilson Orders No Warships
or Troops Moved Until Jap
Question Has Been Settled

WASHINGTON, May 15.—President Wilson has determined that no warships or troops shall be moved or anything resembling a military or naval demonstration be carried on by the

United States while diplomatic relations with Japan over the California alien land legislation are in progress, so that no alarming interpretations can be placed on even the ordinary maneuvers of the army and navy. This decision of the president was announced at the White House last night. It answered a report current in official circles late in the day, that precautionary movements by the army and navy were contemplated and had been discussed at a conference between the president, Secretary Daniels of the war department, Secretary Garrison of the navy department, and Acting Secretary Moore of the state department.

Mr. Moore went to the White House, it was explained, to discuss the framing of a reply to the recent Japanese protest against the California land legislation, while the war and navy secretaries called to discuss routine affairs of their departments.

White House officials said there had been no change in the diplomatic phases of the Japanese question and that the government was prone of an early settlement. It was emphatically denied that army or navy maneuvers or movements of any kind not included in ordinary plans, arranged months in advance of execution, had been contemplated at any time. The rumor which called forth the White House statement probably began its rounds earlier in the day, when the war department made public orders to three officers and two companies of coast artillery to sail from San Francisco for Honolulu about May 24. These orders, it was explained, were in conformity with the program for the creation of a permanent and sufficient garrison in Hawaii, outlined in the last annual report of the secretary of war, and merely carried out plans of long standing.

Another Protest
WASHINGTON, May 15.—Further representations from the Japanese government in support of its protest against the California land legislation were forecasted yesterday when Viscount Chinda, after being informally notified of Gov. Johnson's intention to sign the land bill, called twice at the state department to inquire when the governor probably would act. Viscount Chinda's calls gave rise to the impression in official circles that Japan is not inclined to delay pushing her protest and that another formal communication probably will be forthcoming as soon as the California bill is actually signed.

Meanwhile, President Wilson, in a preliminary way, at least, has been discussing with Acting Secretary Moore the course to be pursued in framing a reply to the original protest. This subject will come before the cabinet meeting today, but the answer may not be immediate, unless the Japanese government is insistent. On the contrary, it is known that the president is disposed to proceed with as much deliberation as diplomatic usage will permit. Though Gov. Johnson apparently made a strong impression upon the administration by his presentation of various acts and proposed legislation of a national character, tending to commit the government to a general policy of discrimination against the yellow races, it is declared that he has injected no new suggestion into the controversy so the officials of the state department have only to consider points already made in continuing diplomatic negotiations.

ARREST POLICE OFFICER

Was Charged With Manslaughter in Milford

MILFORD, May 15.—Considerable excitement prevailed in this town yesterday when Edgar A. Sherman, a special policeman and an employee of the Draper company, was arrested on a charge of manslaughter in connection with the shooting of Emilio Bacchionchi, a striker, on the morning of April 24.

The arrest of Sherman followed the latest finding of Judge Cook of the local district court "that Bacchionchi was shot by an officer in the discharge of his duty, and that Sherman was probably that officer." The warrant for the arrest was sworn out by counsel for the widow of Bacchionchi. Sherman was arraigned, and after a hearing examination, was held in \$3000 for the grand jury, which will meet at Fitchburg on Aug. 15.

Two officials of the Draper company furnished bonds. The shooting occurred on a road in Hopdale about a mile away from the Draper plant shortly after 6 o'clock on the morning of April 24.

The officers claim the strikers opened fire on them with revolvers, while the

strikers maintain not a shot was fired by them.

In the chase Bacchionchi fell, fatally shot in the back of the neck.

EDUCATION NOTES

To promote moral education in the schools of France independently of religious doctrine is the object of the "French League of Moral Education." The league offers a first prize of \$1000 and other prizes amounting to \$2000 for contributions to a bulletin which it publishes.

The government of Belgium has invited the United States and the separate states to be represented at the first international congress of cities to be held in Ghent in July. The congress will be devoted to the two main topics of city building and the organization of municipal life.

How illiteracy is about to be banished from a Kentucky county through the "moonlight schools" is interestingly told in a statement by Mrs. Cora Wilson Stewart, superintendent of Rowan county, addressed to the United States commissioner of education. The school workers have on record the name, location and history of every illiterate in the mountain county, and are able to make a special study of each individual case. One by one the illiterates are interested in the work of such schools as the "Moonlight School on Old House Creek." In the past two years the thousand and more illiterates have been reduced to a few hundred; and it is believed that the last vestiges of illiteracy will be wiped out by the close of the present year.

SAVED BY HUSBAND

Man Jumps in River and Rescues Wife

SONERSWORTH, N. H., May 15.—Mrs. Basilitz Fedstinos, employed by the Great Falls Manufacturing company, jumped into the Piscataqua river here yesterday, and was rescued from drowning by husband, John Fedstinos. The plunge followed an argument between the two. Scores of mill operatives were attracted to the scene and were horror-stricken to see the woman break through the throng, run

several yards to the river embankment and jump over. The crowd followed, and when Fedstinos saw his wife struggling in the water he dove in and swam with her to safety. His act was heartily applauded by the onlookers, and he and his wife went to their home arm in arm.

Birthday Party
An enjoyable evening was spent last night at the home of Miss Rose Damas on Short street, when a number of her friends gathered in honor of her 22nd birthday. Games were played and an impromptu musical program carried out with much success. During the evening Miss Damas was presented a purse of gold. The presentation speech was made by Miss Helen Connors. The refreshments were in charge of Miss Katherine McClean and Miss Mary Damas. At a late hour the party broke up, each member wishing the hostess many happy returns of the day.

A FAMOUS FRENCH SKIN SPECIALIST

Professor Sabouraud says: "The importance of sulphur should be committed to memory."

Because sulphur is so valuable in treating all skin diseases, many attempts have been made to incorporate it in a cream.

In SULPHOLAC, a highly prized germ destroyer is combined with sulphur to produce the perfect skin remedy. A soft, smooth cream, readily

taken up by the skin, SULPHOLAC penetrates below the surface. It reaches the seat of the trouble and eradicates it.

The safe, clean, sure remedy for acne, pimples, blackheads, rash, ringworm, shingles—even chronic eczema, is promptly relieved.

At drugists—50c, with directions. For free sample, write Hudson & Co., Inc., 149-151 West 36th St., New York.

\$78,000 A YEAR ALIMONY

Mrs. Heye Sues Her Banker Husband

NEW YORK, May 16.—She asked for \$78,000 a year alimony. That is \$6,500 a month. Mrs. Blanche A. W. Heye claimed this amount was necessary for her maintenance and that her husband

was rich enough to afford it. Besides, she asked for \$10,000 counsel fees. The husband, George Gustave Heye, a banker, is fighting the motion on the ground that it is entirely unreasonable and extravagant. Mrs. Heye is ill in the Sloane hospital.

Rombough vs. Kittredge

The case of William L. Rombough vs. Gilbert H. Kittredge, an action of contract on two counts, was held before a jury at 11 o'clock this morning at the local court on Market street. The two counts, as set forth in the plaintiff's declaration, call for approximately \$2600.

**Discussed Stand of
Church In Problems
of the World**

The 27th annual supper and reunion of the pastor's bible class of the First Trinitarian church was held last evening with an attendance of about 75 members, some of whom came from out of town to be present at the event. At six o'clock there was begun a reception and social in the auditorium and Miss Eva Henderson played organ selections. Supper was served by the Henderson Catering Co. in the room down stairs.

Dr. H. H. Sumner was toastmaster of the evening and after being introduced by E. W. Craig, president of the class, he briefly addressed the gathering. As the first speaker of the evening he introduced Rev. Sarah Dixon, Ph. D., of Texbury and who spoke on the province of the church. In part she said:

"The province of the Christian church is a very simple one; it is a very conservative one; a very clear one; and one that no one, especially a minister, need mistake. The Christian church is not placed in this world to solve all the problems of our common life. There are grave problems facing us every day, and it is true that the churches must deal with them in some measure; but for the Christian church to pose as an expert in great industrial questions—to form itself into a commission to look into the various matters that perplex us, to my mind is a mistake which really militates

Across From City Hall

against her best progress in the performance of her mission.

"Take, for instance, the problem of the minimum wage. We are all interested in it; the world is trying to solve it. The consensus of opinion is that there should be a living wage for everyone. It is not for you as a church to spend your time and energy in bungling an affair which only experts can decide; but does not the church have a mission in facing up to this question after all?"

"Another grave question is that of strikes. We often find ourselves, as a church, in a city where there is a strike, and many churches forsake their real purpose of enlightenment, by taking immediately into these problems. For the pulpit to take sides in these questions causes alienation in one's constituency, unless the side taken should happen to be the consensus of opinion in the community in which one happens to live.

"In the question of prohibition or local option, if one favors either, a portion of the church will be alienated because of that position, there is a diversity of interests, and the conservation of power will be lessened, if not lost altogether.

"Unless a man be a tremendous man, he could not be so well versed in economics and industrial questions, that he can finally answer all these questions in any one sermon. But wherein can the church thunder from the pulpit, where can it make itself respected? I believe that, in fact, as we have mistaken our true mission, so far have we brought ridicule upon the church and its position. Our mission is to create ideals of life. No one disputes our idealism; no one ridicules our ideals. They ridicule our application of practical ethics, the stumbling manner in which we attempt to solve the problems which only experts can solve. We are to create a motive and an incentive which will send people out into the street to inquire what is the right of the matter. It is not to tell a man how to vote, but to create an incentive, a motive, to vote the best he knows how. These things are the real province of the church, and the church that holds to them, preaches them and lives them, is the church that everyone in the community must take his hat off to, when he passes it. It is only when we lower ourselves to fool around with the things that we cannot handle, that we bring ridicule upon ourselves.

"I would lift my people up spiritually, into a high desire to do things right, and then trust them to solve the liquor question and the cereal international question. I would shift the whole burden on the man himself, for that is where the burden belongs."

Among the other speakers were Rev. Henry F. Smith of Beverly, who discussed "The Bible as a Liberal Education," Rev. George W. King, pastor of St. Paul's church, spoke along similar lines; and the pastor of the First Trinitarian, Rev. Raymond G. Clapp who advocated the application of the principles and ideals of the church to modern life. Rev. Mr. Clapp declined to act as teacher of the bible class, saying that he believes he ought to take a class of younger people. After a few closing words by the toastmaster, the gathering sang "America" in unison and received the blessing of the pastor.

The officers of the class are as follows: President, F. W. Craig; vice president, Miss Ida E. Bishop; secretary, C. T. Upton; assistant secretary and treasurer, Mrs. George B. Ellingwood.

POLITICAL BATTLE LINES

**Democrats Talk Over
Future Plans**

WASHINGTON, May 16.—Plans for drawing the political battle lines of 1914 and 1916 were talked over today at conferences of the executive committee of the democratic national committee. The program included a conference over what the national committee should do to make the party successful in the state and congressional elections next year with a look ahead to the next national election; a meeting with officers of the democratic congressional committee regarding a greater representation of senators on that body and a conference with President Wilson.

"Concentration, anticipation, amalgamation, confederation, harmonization of method," was the way one member of the executive committee epitomized the plans of the conference.

RIKER-JAYNES DRUG STORE

PURITY, ACCURACY AND EFFICIENT STORE SERVICE

When you think of these three things how naturally the name of Riker-Jaynes comes to your mind. We know that they are synonymous and are proud of the fact. We realize our responsibility as leaders in high quality drug store goods and will always endeavor to maintain our present high standing, and by so doing guard both your health and best interests. As to prices, you can rest assured they are always the lowest obtainable. We are never undersold if we know it.

PRESCRIPTIONS

There are many good reasons that cannot fail to appeal to every thinking person, and which should make them decide in favor of the Riker-Jaynes stores as the most competent places to be entrusted to fill their physicians' prescriptions.

We fill more prescriptions in a day than the average drug store does in a year. Only registered druggists of large experience and the highest standing are allowed to handle them. Every ingredient used is of the very highest possible quality and exactly the kind the doctor ordered.

To show the magnitude of our prescription business, we cite the fact that on Jan. 1, 1913, there were employed in our various stores 460 registered druggists, and that during the year ending on that date, by actual count, we had filled exactly 1,125,903 prescriptions. Is not that in itself proof positive of the confidence reposed in our Prescription Department?

Our prices, quality taken into consideration, are the very lowest obtainable. If you want your next prescription filled exactly as your doctor desired, bring it to one of our stores.

DRUGS AND CHEMICALS

In purchasing drugs or chemicals at one of our stores our customers always receive the best—not only the best as regards quality, but the best in point of store service and in lowest price. We have been proving this day and night for many years until it has become an unquestionable fact.

Every drug or chemical that we offer for sale is guaranteed by us to be of the highest standard, bought direct by us from reliable foreign or domestic producers, as the case may be, under the guarantee that they are of the finest quality.

After being received by us, samples of every article are sent to our laboratory, and there subjected to critical analysis to see if they are of the required high standard. If they are, they are then sent to our counters for sale; if not, they are rejected by us. That's the kind of drugs and chemicals you receive at the Riker-Jaynes stores. May we have your patronage?

FLETCHER WILL CONTEST

**Attorney Thinks There
Are Two Wills**

At the hearing in the Middlesex probate court at East Cambridge yesterday on the will of the suicide palmer, John William Fletcher, Attorney Samuel Ballen of Ballen & Leveroni, representing 11 of the nephews and nieces of the dead man, told Judge Lawton that he had reason to believe that there is a second will of Fletcher's still in existence.

The hearing on the will was originally scheduled for last Tuesday. It has been postponed at the request of counsel three times. At the hearing yesterday morning Judge Lawton postponed the case until the afternoon to allow a conference between the attorneys representing the various contestants for the purpose of making

an effort to persuade the only contesting uncle of Fletcher to withdraw.

It was during this hearing that Attorney Samuel Ballen declared that he had two witnesses who had talked with Fletcher within a short time before his death and whom Fletcher had told of a second and later will.

At the request of counsel the afternoon hearing was again postponed until this afternoon.

CAPITAL OF \$1,000,000

Announcement Made Today of Reorganization of the Fore River Shipbuilding Co. Under New Laws

BOSTON, May 16.—Announcement was made today of the reorganization of the Fore River Shipbuilding Co. under the laws of Massachusetts. The company will be known as the Fore River Shipbuilding corporation. It has an authorized capital of \$1,000,000, all common stock at \$100. The stock will be owned by the Bethlehem Steel Co. which recently took over the business of the shipbuilding company. In order to provide working capital, the new corporation will issue \$750,000 20-year 5 per cent mortgage bonds.

Guilty of Misconduct

WASHINGTON, May 16.—Charles T. Burns, an assistant foreman, in the weather bureau, suspended at the time of the dismissal of Chief Willis L. Moore today was reduced in rank and salary by Secretary Houston, who declared Burns "guilty of misconduct in the performance of his duties."

Moore was dismissed for "serious irregularities" and misuse of his office, of which it was alleged he had been guilty in his campaign for appointment as secretary of agriculture in President Wilson's cabinet.

Y. M. C. A. CONVENTION

Thomas H. Williams, Boys' Secretary

at the Lowell Y. M. C. A. is Attending Session

Mr. Thomas H. Williams, boys' secretary at the local Y. M. C. A., is attending the International Y. M. C. A. convention that is being held in Cincinnati May 16, 17 and 18.

The convention will consist of meetings at which the association work will be discussed and some very instructive talks will be given. Some of the speakers to be heard are: John R. Mott to whom Pres. Wilson twice offered the ministry to China. Mr. Mott is present one of the international secretaries of the Y. M. C. A. Robert E. Spear, of the Presbyterian board of foreign missions, Hon. H. H. Macfarlan, commissioner of the District of Columbia, L. Wilbur Messer, general

secretary of the Chicago Y. M. C. A.

Fletcher S. Erickman, national secretary of the Y. M. C. A. in China, Mr. J. McCoy, a former Lowell secretary.

C. T. Wang, prominent as a Chinese official and statesman, Dr. W. Douglas Mackenzie, Professor, Walter Rauschenbach, Bishop William Anderson, F. W. Ayer, William Jennings Bryan and others.

At the convention delegates will be chosen to attend the world's convention to be held in Edinburgh, Scotland and Dr. Yarnell, secretary of the local Y. M. C. A. expects to be selected.

Several thousand men will attend this meeting and it is held for the purpose of increasing the efficiency of the work of the Young Men's Christian Associations of the world. The presence there of prominent business men from the distant cities should be an inspiration to all workers in the association.

STRUGGLE IN WATER

Patrolman Rescues Girl From Charles River

BOSTON, May 16.—Patrolman James
Russell of Cambridge after a desperate
struggle in the waters of the Charles
river late last night rescued Pearl
Blum of 115 Sylvia street, Arlington,
who had attempted suicide, although
both nearly lost their lives.
The girl had attempted to throw
herself from Harvard bridge, but the

arrival of an automobile party pre-
vented her carrying out her design.
At the Brattle square station, where
she was taken after her rescue, she
said "God was calling me to be his
bride."

Acted Peculiarly
Her life was saved equally through
the efforts of Policeman Russell, who
leaped into the water and brought her
out, and of Thomas H. Christmas, who
had noticed her peculiar actions and
had followed her to the embankment
in his car, which he speeded later to
get the officer.

Policeman Russell, guided by the au-
tomobile party, finally located the girl
in the river at the further end of the
embankment, near Magazine beach.

Taking off his coat, helmet and belt, he
jumped to her assistance. Far out
of sight of those who watched him
from the bank he caught the sinking
form. In the darkness he swam
with her toward land, only to run
against the sea wall rising abruptly
above him and a depth of a dozen feet
of water. As he shouted for Mr.
Christmas and the woman with him
to get the river police to help him out,
the frozen woman clutched him
about the throat and both sank. Their
struggles brought them farther and
farther from the shore. Finally Mrs.
Blum, one of the party, ran out on
the beach and called to him to make a
landing at that point. By the time
he had reached shoal water he was ex-
hausted, and a few moments more
would have been beyond help.

Investigation of Am. Woolen Co.
WASHINGTON, May 16.—Represent-
ative Francis, of Ohio, reintroduced
yesterday his resolution of the last
congress, proposing an investigation of
the American Woolen Co. by a commit-
tee of the representatives with direc-
tions to report bills requiring the
production of the company or its dis-
position, or both, if found warranted.

Am. Tobacco Co. Case
NEW YORK, May 16.—Judge Meyer
in the federal district court yesterday
afternoon dismissed the bill of com-
plaint by Otto Jonas, an independent
tobacco dealer who asked that the dis-
solution decree in the case of the
American Tobacco Co., be set aside.
Jonas contended that the decree was
not in accordance with the supreme
court's decision dissolving the trust.

Prince Albert at Halifax
HALIFAX, N. S., May 16.—The train-
ing ship Cumberland, with Prince Al-
bert of England, King George's second
son, on board, arrived here yesterday.
There was no special salute from the
city and no official recognition will
be taken of Prince Albert's presence
aboard the training ship, as he is being
treated as an ordinary cadet.

France Fears to Cut Army
PARIS, May 16.—The French pre-
mier, Louis Barthou, declared in the
chamber of deputies yesterday that the
retention of this year's time expired
soldiers in the French army was made
inevitable by the European situation.
The premier made this statement in
reply to questions by Deputies Antoine
Durafour and Pierre Brizon, who asked
him whether it was necessary to keep
the men with the colors for another
year.

HARRY THAW AS WITNESS

Says He Was Offered Release For \$20,000

NEW YORK, May 16.—Dr. John W.
Russell, former superintendent of the
Matteawan state hospital for the crim-
inal insane, first made the suggestion to
Harry K. Thaw that he could be
released by the payment of a large
sum. Thaw testified yesterday at the
bribery trial of John N. Anhalt here,
Anhalt, a young attorney, is charged
with offering Dr. Russell a bribe of
\$20,000 for an order or certificate which
would result in freeing Thaw from fur-
ther confinement in the asylum.
Thaw, who was brought from Mat-
teawan yesterday, was the first wit-
ness in the case. He was subjected
to a rigid examination and as rigor-
ously cross-examined by counsel for
Anhalt. Thaw gave his testimony in a
low voice, frequently being asked to
repeat his answers so that the jurors
might hear.
Objections of counsel for the de-
fence that Thaw, legally insane, was
not competent to testify, were over-
ruled by the court, who, however, held
that the testimony must be considered
as that of an insane person.

FIRE CHIEFS INJURED

Blaze in Round-house Caused \$7000 Loss

BOSTON, May 16.—District Chiefs
Stephen J. Ryder and John E. Madison
of the fire department were injured at
a three-alarm fire at the old round-
house in the Roxbury yards of the New
York, New Haven & Hartford railroad
last night, the fire causing a loss es-

timated at between \$6000 and \$7000 to
locomotives and building.

District Chief Ryder fell into one of
the many ash pits about the round-
house and received a cut over the right
eye which stunned him. He was taken
into an office used by employees of the
road and later to a doctor's office near-
by, where the wound was dressed, and
he returned to the fire.
District Chief Madison also fell into
one of the ash pits, but remained on
duty at the fire. Both men refused to
go to a hospital.

"Yes, our new wagon's a Studebaker —the only kind we KNOW"

"The Studebaker idea has been in our family for
sixty years. We have never thought of buying any
other kind of a wagon."

"It's true, we're continually being offered other
wagons costing a little less, with lots of promises as to
what they will do. But we know in our family what a
Studebaker will do. A few dollars difference in price
doesn't mean much. It's the service a wagon gives
that we consider most."

"Long service for a fair price means more every
time than short service for a few dollars less."

"That's why we stick to Studebaker—and stick to Stude-
baker is a pretty good motto for a man who uses wagons."

"Studebaker wagons are built of good stuff. They're made
right by people who've had years and years of experience in
making them right—people who are trusted the world over."

"Studebaker wagons last, because they're made to last."

"Look out for the dealer who tells you his wagon is just as
good as a Studebaker. That's my advice after a good deal of
experience—and the experience of all of my people. You get a
Studebaker and you've got a safe investment."

MAY EJECT UNCLE SAM

Salisbury Beach Tangle
Involves Postoffice

NEWBURYPORT, May 16.—The United States government may be forced to vacate its own postoffice quarters at Salisbury beach if a threat that Albert M. Gorwaiz says the Salisbury Beach Associates have made to eject him from his property becomes effective.

More Complex
The land ownership tangle becomes

more complex with this latest development and it is generally expected that federal action will be taken if any ejection process is attempted.

A bill in equity has been filed by Mr. Gorwaiz as executor of the will of Amy P. Gorwaiz (late postmistress at the beach office) against Walter Coulson of Lawrence et al, the Salisbury Beach associates.

At the time of her death Mrs. Gorwaiz owned land and a building at the beach, according to the bill, holding the land on lease at a rental of \$150 a year, and that after the beginning of the lease, prior to August 14 last, the respondents secured title to the land from the Salisbury Land and Improvement company and that George H. Dole et al, as the Salisbury Beach reservation commission, have taken the land by right of eminent domain under act of the legislature. In May of

petitioner \$150, rental for the year 1913, which was paid, the respondents demanded a year's rental and claim that the taking by the commission is illegal and threaten to eject the petitioner and rent the property to others. The beach office is located in this building. The petitioner asks that the defendant be permanently enjoined from entering upon the land or buildings or in any way interfering with his occupancy and use of the premises.

SOCIAL AND FRATERNAL

There was a large attendance at the regular meeting of James A. Garfield Post, 120 G. A. R. and considerable important business was transacted, including the completion in great measure of the Memorial Day arrangements. The various committees reported progress in their work. One application was received and one candidate initiated. To fill the place of D. B. J. Bartlett, deceased, Charles E. Planders was elected a trustee to the burial plot in the Lowell cemetery.

There was read an invitation from Edith Wolcott auxiliary to attend memorial services in Memorial hall at 8 o'clock on the evening of May 23, and this invitation was accepted. Rev. Mr. Frost of the Worthen street Baptist

church accepted the invitation of the post to attend its memorial exercises and banquet on May 30. Comrades intending to go to Tyngsboro on the morning of Memorial day must be at the post hall at 7 o'clock as the cars will leave the square at half past seven.

Elgin Lodge, N. E. O. P.

The regular meeting of the members of Elgin lodge, N. E. O. P. was held last evening with a good attendance and important business was transacted. Mrs. Mattie A. Burrows, representative to the supreme lodge read an interesting report of the proceedings of the convention. Sister Williams, past warden of Haverhill was present at the meeting and addressed the members. The next meeting will be held on June 6 and on that date, a flag will be presented to the lodge. There will be a delegation of the grand officers present and special features will be provided.

Men's Fraternity, First Cong'l

The annual meeting of the Men's Fraternity of the First Congregational church was held last night and after the various reports were heard, the election of officers for the ensuing year resulted as follows: President, William Chase, Ollis W. Butler and Charles E. Worden. During the evening, remarks were made by the pastor, Rev. E. H. Newcomb. Ollis Butler, William Chase and John Osgood.

James A. Garfield, W. R. C.

James A. Garfield Women's Relief Corps, held its meeting last night in G. A. R. hall, Mrs. Letitia Parker presiding. The circle held a sewing tree in the afternoon, which was followed by a supper. The relief corps will present a flag to St. Paul's church, Me-

morial Sunday. On Memorial day, the corps will assist Post 120.

Lowell Lodge, I. O. of L. O. L.

Lowell lodge, No. 24, I. O. of L. O. L. held its regular meeting last evening. Considerable business was transacted and final arrangements made for the apron sale and whilst party which is to be held in the hall of Post 120, G. A. R., May 23, afternoon and evening.

At the conclusion of the dinner Dr. Leon S. Medalla of Boston gave an interesting address on "The Vaccine Treatment of Rigg's Disease."

The joint committee in charge of the reunion was: Lowell, Dr. G. W. Bonneyville, chairman; Dr. A. S. McLeod and Dr. C. F. Harris, Lawrence; Dr. C. A. Frank, chairman; Dr. J. N. Thomson and Dr. A. T. MacKay, Haverhill; Dr. H. Stansfield, chairman; Dr. A. W. Walsh and Dr. E. P. Miett.

L. T. S. BIG FIELD DAY

Held at the Martin Luther
Grounds Yesterday

The "Unstream" field day of the students and faculty of the Lowell Textile school was held yesterday on the Martin Luther recreation grounds and was a big success. Everyone who attended the event had the time of his life and will long remember the outing. The special cars for the grounds left the school about eight o'clock and together with the Textile boys, as a land of 25 pieces from the Middlesex county trout school. The party started for their destination with many a song and cheer.

On reaching the grounds, the first big event was a baseball game between the chemists and the wool men

in which the chemists were victorious by the score of 21 to 10. The lineup of the two teams was as follows:

Chemists: Murray p. Peck c. Shedd 1b. Sussman 2b. Johnson 3b. Hayner ss. Plummer lf. Harrington cf. Richardson rf.

Wool men: Cleary p. Miett c. Bennett 1b. O'Brien 2b. Brickett 3b. Goodell ss. Robertson lf. Gadsby cf. Abbott rf.

Following the game several took a plunge in the cool waters of the river and there was also a game of quoits in which the faculty men excelled. All sports were suspended when the call to the noonday meal was sounded. Following the dinner there was a baseball game between the Seniors and the instructors in which the Seniors demonstrated their superiority by a score of 30 to 2. The lineups:

Instructors: Principal James B. Lupton, p. Cushing c. Dr. Van Doren 1b. Stoddard 2b. Wilnot 3b. McKay lf. Ball cf. Dick rf.

Seniors: Murray p. Peck c. Bennett 1b. Johnson 2b. Shedd ss. Plummer 3b. Gadsby lf. Daviau cf. Cook rf.

After the game supper was served and the gathering started for home. The committee in charge of the event was comprised of the following: Mr. Arthur A. Stewart, Ray Pillsbury, Floyd Adams, Raymond Brickett and Charles Cleary.

Defeat Inflicted on British Govern-
ment by "Wild Women"—
Explosives Found

LONDON, May 16.—A defeat has been inflicted on the government by the "wild women," the militant suffragettes, in their fight over the suppression of their newspaper, the *Suffragette*. After Archibald Bodkin, counsel for the treasury, had announced that the government would prosecute anyone printing the newspaper in the fu-

the publication of the paper but the suffragettes declined their offer with scorn. Thereupon the home office issued a statement declaring that Mr. Bodkin's pronouncement had been misconstrued and that the Women's Social and Political Union or any publisher could issue the *Suffragette* so long as it did not contain any incitements to crime.

Sidney Drew, the former publisher, has written to the home office, pointing out that he was compelled to give the undertaking that he will not hereafter directly or indirectly take part in printing the *Suffragette* or any other organ of the Women's Social and Political Union. He wants to know what steps are now to be taken to relieve him from this undertaking.

The special interest taken by the labor party in the question of the *Suffragette* was aroused because the labor newspapers frequently come into collision with the government. This is the case in regard to general conscription for the army and in the event of this becoming the policy of the British government, which the labor party fears, the labor newspapers propose to urge the workingmen of the British Isles to resist it.

The militant suffragettes have re-

IMPORTANT MEETING

Executive Committee of St. Joseph's College Alumni Met Last Evening—Considerable Business Transacted

The members of the executive committee of St. Joseph's college alumni held an important meeting last night with President Wolfred P. Calise, Jr. in the chair. Considerable business was transacted, and the question of the second annual reunion of the alumni was discussed at length.

It was voted to appoint a committee to attend the first mass of one of the members of the association, Rev. Joseph J. Bolduc, O. M. I., who is to be ordained tomorrow morning. The said mass to be celebrated at St. Joseph's church, Sunday morning at 10.30 o'clock, and the following were chosen: President Wolfred P. Calise, Jr., Vice President Henri V. Charbonneau, Treasurer Joseph P. Montminy, Edmond S. Desmarais, Rodolphe E. Jodoin, Arthur L. Enn, William Trotter and Rev. Bro. Bernardin, S. M.

The question of the annual meeting to be held in August was brought before the meeting and discussed at length. It was suggested that in connection with the said meeting a general outing be held during the day, the friends of the members of the alumni to be admitted, and finally this question was referred to a later date.

The committee decided to publish a program souvenir for the event and Mr. Ernest J. Dupont was named as the author of one to look after arrangements. In this program will be published the photos of the officers, as well as an interesting history of the organization and the college. Several good suggestions were presented and the same will be taken up at the next meeting of the committee which will be some time next week.

Harvard Bartlett, of the Richardson hotel, is visiting in Delaware.

PROBING WAGE REDUCTIONS

When it was announced a few days ago that the government contemplated making an investigation of any changes in wage schedules which may follow the change in the tariff, the statement was received with a great deal of interest. The anti-tariff interests, of course, denounced it soundly as a saving of unjust government interference. Others praised it in no uncertain terms. But a great many did not take it seriously and regarded it as merely a clever political announcement, thrown out to keep the party now in power in the good graces of the common people. That it was meant very seriously and sincerely was proved conclusively by a speech of Secretary Redfield on Wednesday night before a national association of labor in Washington.

Secretary Redfield has established a reputation for silence which is second only to his reputation for ability; a statement from him, therefore, may be regarded as being particularly significant. In opening his speech he said: "If I grasp the public mind at all clearly, it holds unfavorable views towards reduction of wages, except under the direct necessity. As therefore, the reduction of wages has direct social effects and as the public has the right to efficiency in their factory service, the department has undertaken to find out whether the facts do or do not justify the threatened reduction."

That he regards this investigation as within the sphere of the government's duties was declared by Mr. Redfield as follows: "The department of commerce exists for the purpose of promoting American industry and commerce at home and abroad. As the head of that department I feel that while its scope in aiding commerce is broad and has many phases, one of these phases which is important is that of turning light upon inefficiencies wherever they can be found."

He then dwells on the fact that industry is no longer being considered as merely a private matter and speaks of the tendency of the times to hold both employer and employed responsible for the general prosperity of the country. The same public spirit which condemns unnecessary and unjust strikes expects the employer to be just to those whom he employs. "The greatest interest in our manufactures is that of the people without whose purchases the factories would close. They have more at stake than anyone else, and they are beginning to have very definite ideas respecting their interest in our factories, and how to look after it. It is chiefly they who refuse to admit any longer that the head of a great business concern can do as he will with what he is pleased to call his own property."

To show the spirit back of the determination of the government the secretary said: "It is my hope as far as I can to aid and not hinder American industry. I believe that for it a day of freedom has just begun, and that we are shaking off the shackles of a real industrial slavery to enter upon the arena of free competition, strong athletic and vigorous."

When we hear adverse criticism of the coming tariff reform it would be well if we recalled the words of Secretary Redfield regarding it: "It is important that we as business men should know that business opinion and public opinion are two different things. If they are in accord it is well for business. If they are not in accord it is ill for business, for business depends for its peace and prosperity upon the sustaining power of public opinion."

As far as the tariff is concerned, there is no counting the opinion of the people, and despite the wallings of a small minority, business opinion seems to be falling in line. If so, we may hope to see the prosperity promised by the secretary of commerce and labor, when business opinion and public opinion are in accord.

here and the other as vehemently attacking his honor and reputation on the fact that the prisoner was as sane as the presiding judge. They backed up their testimony by great tomes compiled by students of mental diseases, which on perusal, generally convince us that no mad man is really insane, and that no sane man is altogether free from insanity. Owing to the frequency of such reports in the press the average newsboy is now an authority on "brainstorms" and "mental aberrations." Laws to prohibit or limit such testimony would do away with much picturesque phrase at legal trials but they would result in greater dignity to the medical profession, and very probably a greater degree of abstract justice while they would certainly make it more difficult for wealthy criminals to evade the penalties of the law.

POLICING THE PARKS

The members of the park commission should have no hesitation in acceding to the request of the superintendent for adequate police supervision in the commons and parks of the city. Although the commissioners are constrained to practice great economy they ought to realize that money spent in this way would not be spent in vain but would have very positive results. Because the parks are for all equally, young as well as old, the parents of the city will feel safer in allowing their children to avail of them if they are properly policed, and in this way the very few who may be inclined to act contrary to the rules of good behavior will not be permitted to endanger the good name of the people as a whole.

The greatest need of police supervision in the parks comes from the impetuosity of groups of young men who find it difficult to restrain their animal spirits, and sometimes prove obnoxious to others who enjoy the parks or commons quietly, or to those who live in neighboring property. They do not generally act through malice but because of thoughtlessness; yet this does not excuse them in the eyes of those whose cars are offended by profanity or obscene expressions. Again, it is important that the property of the city be protected, and though the people are unusually careful to respect the rights of property in the parks, it cannot be expected that this commendable state of affairs would long continue if the parks were left indefinitely without police protection.

THE CONTAGIOUS HOSPITAL

The policy of silence maintained by the municipal council at their last meeting when the question, "Do you feel, gentlemen, that we ought to have a contagious hospital?" was asked by the mayor, is very well for the present, but how long can it continue? The city may go on for a little time refusing the demand of the people but it will not long refuse the demand of the state of Massachusetts, and we are doing that with splendid defiance at the present time.

The contagious hospital must eventually be built under the terms of the state law, and it is bad grace for us to wait until we are compelled to build it. This attitude might be excused if such a hospital were unnecessary here or if we were discriminated against, but such is not the case. All over the state cities have erected or are erecting such hospitals, and we have not demonstrated our immunity from contagion sufficiently to justify our indifference. We have had many experiences of serious epidemics, and at such times we have agitated contagious hospitals, but the question is one that seems more difficult to solve the longer we delay.

CHORAL SOCIETY'S CONCERT

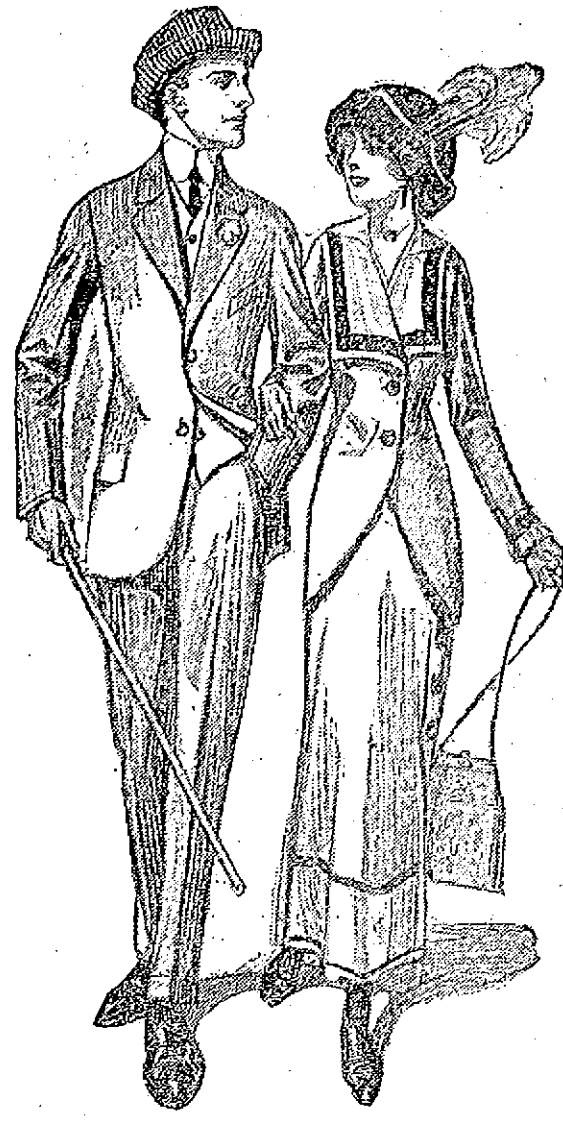

The Lowell Choral society has long been a great power for good in the musical education of the people of this city. It has had a long and honorable career. It has set a high standard and lived up to it. It still has the high ideals of those who gave it birth. The splendid performance of Haydn's "Creation," which it has just given, demonstrated forcibly that it is not living on a past reputation, but is alive and active. May it long continue to give the people the same high standard of musical entertainment which has become identified with its past history.

you do the talking, so long as you are flatterer him.

In many an apartment house there is more than one upright piano that is a downright nuisance.

If you had all the money that you have spent foolishly what would you buy first?

When a man is wearing his first uniform, it is hard for him to look modest and unassuming as he is going down the street.

It is hard to persuade the experienced proofreader, at least so far as copy is concerned, that whatever is is right.

It is really flying in the face of Providence for a man to go around with a non-leakable fountain pen stuck in the pocket of a white vest.

Even though he has a brand new typewriter, an author cannot be always sure of selling all the poems that he writes.

It doesn't make much difference even though the sun is shining bright if the baby is cross and you have not to take care of him all the afternoon.

A man generally feels better when he gets his hair cut, until he finds that he can't carry a pencil stuck behind his ear.

It doesn't matter if you fall half a dozen times in your endeavor, provided you learn something from each failure, so that eventually you succeed.

Sometimes a girl asks you complacently: "How do you like my new

hat?" when she knows perfectly well that it is still the milliner's.

The man who spends his evenings sludding the encyclopedia is better educated than the man who spends his evenings playing poker, but the other fellow often gets ahead of him in a business deal.

The placid man who marries an energetic woman seldom realizes fully what is coming to him.

When a young couple get married they ought to begin right away using their love letters to kindle the kitchen fire.

At the request of Rev. Dennis A. O'Brien, formerly of this city, and now at the American college in Rome, John J. Sullivan, the tailor, who has his show rooms and work rooms in the Sun building, shipped him a black broadcloth suit which he wished to wear at his ordination. Mr. Sullivan has received a letter from Fr. O'Brien of which the following is an extract: "Suit arrived O. K. and is a perfect fit. American express officials wish me to thank you for the perfect way in which the clothes were packed. The work is surely a credit to your skill."

Mr. Sullivan is particularly pleased because the suit was made from measurements supplied by a tailor in Rome who did not employ the Lowell method, and the fit of the suit, therefore, was largely a matter of guesswork. Fr. O'Brien will soon start for home by slow stages, visiting several of the important continental cities, and making

a short stay in Ireland before coming to America.

THE GARDEN

The garden has begun to grow! The radishes are up. (As also are some early peas. Panned by a festive pup.)

The lettuce seeds are sprouting, too. In little rows of green. And soon nocturnal damage by The cutworms will be seen.

The ground is getting warm enough To plant the corn and beans. And cabbages, and Kohl-rabi. And beets for early greens. The beanpoles have been planted out In tall and naked rows. And soon the twining tendrils will Provide them all with clothes.

Two dozen plump tomato plants Are standing strong and stout. With paper collars round their stems. To keep the cutworms out. And everywhere the earth is full Of delfly tucked-in seeds. And everything is starting now— Especially the weeds!

EDITORIAL COMMENT

The Joining Worcester Post: From the "progressive" headquarters in Washington comes a statement spurning the invitation to return to the republican party, even on the basis proposed by the Chicago conference, and declaring that the "healing of the breach is an idle dream," and it is "a waste of time to consider it." If any joining is to be done, it must be by republicans. This is in line with the main idea of the letter of Mr. Roosevelt to his New York City friends, though he would help clear the air in the fight for genuine direct primaries. Meanwhile Robert La Follette observes that the reforms proposed by the conference must come or the old party will die.

Working Up

Springfield Union: The burning of railroad stations and churches and the placing of bombs at hotel entrances and in cathedrals is causing the British authorities to fear that the militant suffragettes are gradually working up to the point where they will carry out their threat to do "something awful."

SHY \$10.800

Proskien Times: The I. W. W. relief fund collected at the time of the Lawrence strike is shy \$10,800, which has

not been accounted for. Is it possible the doughy organs of the order may be forced to admit that all sound deeds are not in the blotted capitalist class?

Strikes and Strikebreakers

Lynn Item: If there are to be strikes in the schools there should be strikebreakers in the homes. If the young people are not taught respect for their elders and the merits of discipline, order and obedience, there will come a time when they will blame their parents for neglecting them. Rightly taught children imitate to them when they arrive at maturity, and if adopted by them when they become responsible for themselves and their actions, they take rightful places in the world, worthy of respect and general confidence.

Inconsistent

Johnstown Democrat: While United States Steel Corporation officials are telling how the country's control has been capturing business abroad the standard senators are busy arguing that the steel industry will be ruined unless it is protected from "cheap foreign labor." Millions of dollars worth of steel company products are shipped abroad every year and sold in the face of all the competition that Europe has to offer.

Swat the Fly

Manchester Union: If any one supposed that the nation-wide fly-swat-

ling campaign launched a few years ago was a mere passing fad, to be indulged for a season and then forgotten, it is probably safe to say that no such idea continues to exist. American cities are waging war on the fly as relentlessly this season as ever before. Cities to the southward, where flies put in an appearance earlier than in our latitude, are already in the midst of the fight, while those farther north are ready to swat every fly that comes within reach.

NEW NAVY REGULATIONS

War Dept. Frowns on Retirement

WASHINGTON, May 16.—Young officers in the navy today were discussing with mixed emotions the announcement by Secretary Daniels that hereafter the department would frown on the retirement of juniors from the service. In the past young officers retiring have done so with a rank higher than the grade they occupied. This is to be stopped. The statement that caused the frown follows:

"While the secretary of the navy has not yet issued any general orders restricting the applications for voluntary retirement under the personnel act of 1909 yet it is well understood that his attitude and the probable attitude of the administration is in opposition to allowing the retirement of the younger officers who are in health and have a number of years of useful service on the active list before them."

TOWN OF BILLERICA

"ROWELL GIRLS" HELD MEETING LAST NIGHT

State Engineers in Town Relative to the Building of a New Highway from Burlington to Billerica

Engineer Dickinson of the Massachusetts state highway commission was in Billerica yesterday and with the members of the board of selectmen discussed the building of a new road from the Burlington line to Billerica Centre or as far as the money appropriated will allow. The selectmen and the state engineer went over the road and discussed the proposition at some length, noting a number of changes that can be made to improve the road.

At the annual town meeting held in March the sum of \$2500 was appropriated by the town, provided that the state would appropriate a similar sum to continue the state road that runs as far as Burlington. The total sum available is \$5000 and it is expected that the work will be started soon.

The Tigers of North Billerica have arranged a game with the Meadow A. C. of Lowell for Saturday afternoon. The game to be played at the local grounds.

The "Rowell Girls" held a meeting at the home of Mrs. Charles Manning on Talbot avenue last night. A large amount of routine business was transacted, after which refreshments were served and a social hour enjoyed. Mrs. Herbert Russell, a member of the organization and an earnest worker who is to leave soon to make her home in Clinton, was presented a beautiful handbag. The presentation was made by Mrs. Rowell, the president of the organization, who read a very appropriate and fitting verse. Mrs. Russell responded and expressed her regret for leaving the town and this organization.

This became known at the White House today. It was said that while there might be changes in the personnel of consuls general at the more important posts these would extend only to such places as might have been filled with political favorites heretofore and not by promotion from the consular service itself.

Breed of Army Horses

WASHINGTON, May 16.—Under the plan adopted by the war department for the betterment of the breed of horses used in the cavalry and artillery branches of the army the Bureau of animal industry of the department of agriculture has completed arrangements for distributing its stud of 44 stallions throughout the country. The results of efforts of the bureau to encourage the breeding of army horses are gratifying, it was announced today. Announcement also was made of the placing of seven Morgan stallions in the New England horse-breeding district, comprising the states of New Hampshire and Vermont.

FOR CURRENCY REFORM

Plans Suggested to President Wilson

WASHINGTON, May 16.—President Wilson let it be known today that various persons have suggested plans for currency reform to him and that some friends other than members of congress are at work on tentative bills. Mr. Wilson did not reveal the identity of the outsiders but it is believed that Prof. Royal Meeker of Princeton university, who holds a chair in political economy, is among the number.

Representative Glass has received drafts of bills from prominent currency advocates, among them Prof. J. Laurence Laughlin of the University of Chicago. The indications are that the ideas advanced by persons outside of congress will be turned over by President Wilson to the heads of the senate and house banking committees for use in connection with the bills they are drafting.

HOLDS COURT ON TRAIN

Judge Charges the Jury During Fast Ride

NEW YORK, May 16.—The Federal district court, Judge Mack presiding, was held yesterday afternoon on a special train travelling 45 miles an hour between this city and Poughkeepsie. The judge began his charge to the jury when the special pulled out of the Grand Central station and hoped to have a verdict when the jurors reach New York today. The suit, which made this unusual situation possible, was brought by the Amsterdam Building company against the R. W. Delapenha company. The plaintiff is seeking to recover \$21,600 alleged to be due as part of the consideration for building a warehouse in Poughkeepsie for the defendant.

The court went to Poughkeepsie to look at the warehouse and endeavor to ascertain whether certain portions of the work of construction were covered by the original contract or may be classed as extras.

Mrs. Wilson Visits Shinn. WASHINGTON, May 16.—Mrs. Woodrow Wilson went "hunting" with a party of local social workers, and visited "Geat alley," "Snow court," "Ragland alley" and other squalid spots of the capital. Because of the lack of sanitation which attends all Mrs. Wilson's doings, it did not become known until yesterday when party members let out the secret. The president's wife entered several tenements and talked with mothers and children who had no idea of the identity of their distinguished guest.

FELL TO HIS DEATH

The Authority on Realty Values is Dead

WASHINGTON, May 15.—Hopewell Darnello, former tax assessor of the District of Columbia and a recognized authority on realty values in the capital met death last night through a fall in the area of his home in Cleveland park, a suburb. Hearing the sound of the fall, his 16 year old daughter found him unconscious. Before medical aid could be summoned he died of hemorrhage of the brain. In addition to large holdings in local real estate Mr. Darnello had extensive silver mine properties in Mexico.

"MAYFEST" HELD

Last Night at the Swedish Lutheran Church—Large Number of Children Present

A "Mayfest" or May festival was given in the vestry of the Swedish Lutheran church last night under the auspices of the Sewing society of that church.

An excellent entertainment was given, after which candies, creams and flowers were sold. The "Mayfest" is very fittingly celebrated by the Swedish people and last night's observance was a very popular one, it being notable for the large number of children present.

The entertainment was as follows: Piano solos, Miss Jennie Peterson; quartets, Mrs. E. E. Linquist, Mrs. Hilda Brown, Mrs. S. F. Hammarlof, Mrs. Carolina Stromquist; song by girls, Esther Brown, Esther Olson, Nellie Peterson, Florence Gilmson, Florence Torgberg, Lucilla Johnson, Alice Olson and Helen Wallgren; concert solo, Robert Bernston, and declamation, Esther Dahlgren.

The table devoted to "glace" was under the management of Mrs. Josephine Nystrom and Mrs. Mathilda Ohlson. The "blummer" or flower table was under the direction of Mrs. Carl Nilsson and Mrs. F. E. Linquist, and the "Karamelle" or candy table was supervised by Mrs. S. F. Hammarlof and Mrs. Carl Wallgren. The entertainment committee was as follows: Mrs. Emma Dahlgren, Mrs. F. E. Linquist, Mrs. Josephine Nystrom and Rev. Sven F. Hammarlof.

London Unions Protest

LONDON, May 16.—The London trades council, representing 60,000 trade unionists, passed a resolution last night expressing resentment at the appointment of Walter H. Page as American ambassador to Great Britain on the ground that he is a bitter opponent of organized labor and asking Sir Edward Grey, the British secretary for foreign affairs, to protest against receiving him.

A copy of the resolution has been sent to the president of the United States and Sir Edward Grey and every trade and labor council in the kingdom has been invited to pass a similar resolution.

FEDERAL INQUIRY INTO INDUSTRIES WHERE WAGES ARE CUT BECAUSE OF TARIFF

Secretary of Commerce REDFIELD

WASHINGTON, May 16.—The announcement by Secretary of Commerce William C. Redfield that his department would investigate all industries in which wages were cut following the passage of the Underwood tariff bill has caused a big stir among manufacturers throughout the country, judging from protests received here. The pottery industry will be the first to be investigated by Secretary Redfield because of the threatened reduction in wages due to the promised new tariff rates. Speaking before the National Association of Employing Lithographers, Mr. Redfield stated plainly that the investigation will be extended to all industries in which wages were cut. Mr. Redfield read from a circular sent out by the lithographers in which they said the reduction of tariff on their articles of manufacture would be followed

ed by reduction of wages and idleness for many of their workmen. Mr. Redfield told them that such a course would be likely to lead to an investigation. Mr. Redfield said he would not regard the American manufacturer as worried in competition with the world until the efficiency of American mills was raised to the highest possible standard. "If I grasp the public mind at all clearly," he said, "it holds unfavorable views toward reduction of wages except under the direst necessity. As, therefore, the reduction of wages has direct social effects and as the public has the right to efficiency in the factory service, the department has undertaken to find out whether the facts do or do not justify the threatened reduction. Observe that in saying the 'facts' one does not merely mean the facts as they are, but also the facts as they ought to be. Operating with bad equipment, with unscientific treatment of material, with antiquated methods, in poor locations, with insufficient capital and generally ineffective management will not be esteemed a satisfactory reason for

reducing wages." The government's investigation, the secretary assured his hearers, would not be carried on in a "trust busting" spirit, but rather with the idea of aiding any industry that had dropped into a rut. He said few persons realized how efficient was the investigation machinery of the department of commerce. He described ramifications of the bureau of standards, the bureau of foreign and domestic commerce, the bureau of corporations and the bureau of labor statistics. He added that the department of labor, which would work in harmony in any such investigation, also had many agencies to set in motion.

M. T. I. SMOKE TALK

Several Well Known Speakers Engaged

The Mathew Temperance Institute has about completed arrangements for its first grand smoke talk which will be held in its new quarters in the Mansur building next Tuesday evening, May 20th. The committee in arranging for this brilliant event has gone into this affair with the expectation of making it one of the most elaborate functions ever conducted by the institute. Among the speakers are Hon. Philip Kiley of Lynn, a temperance orator of note, Supl. of Police Redmond Welch, Supl. of Schools Hugh J. Molloy and Rev. Dr. D. J. Keleher, chaplain of the society. A fine musical program has also been arranged and a light buffet lunch will be served during intermission.

The M. T. I. Bachelor Girls held a rehearsal last evening with a good attendance. On next Wednesday evening a dress rehearsal will be held. The Mathews will hold a shirtwaist party in their hall Thursday evening, May 22. A large committee has charge of the affair.

Pretty Social and Dance

The second annual social and dance of the Pantryville Athletic association was held at the Vesper bathhouse last night and was well patronized. Broderick's orchestra furnished excellent music in a concert and for the dance order of about 20 numbers with extras and the party broke up at a late hour after an evening of the greatest pleasure. The officers in charge of the event were the following: William Grave, general manager; Joseph Perkins, assistant general manager; Walter Cunningham, floor director; William Gaynor, assistant floor director; Bert Vining, treasurer.

Lowell Council, K. of C.

This evening there will be a meeting of Lowell council, 72, Knights of Columbus, to take action on the death of their late brother, Thomas J. Mulligan. Grand Knight Thornton has urged all the members to be present at this meeting, which will be called at 8 o'clock, sharp.

Another Lot of Trust Pianos Sent in for Sacrifice!

The recent financial stringency drove many fine pianos to our sacrifice floor. A man can get along without his high-class piano better than almost anything else in his house. During these "tight-money" times we have sold pianos for prices so low that it seemed to us that people

could not believe our sacrifice quotations. Some of our prices do seem ridiculous, but sell we must and it's good hard cash that's wanted by the sellers—it's the seller's tough luck that makes the buyer's good luck. You owe it to yourself to investigate the sacrifice piano sales of the Roxbury Storage Salesrooms. This week will be a wonderful one for bargains.

HIS VETO SUSTAINED

Senate a Bit Considerate
of Gov. Foss' Feelings

The senate was more considerate of the feelings of Gov. Foss yesterday than it was on Tuesday, when it passed three bills over his veto. Yesterday, the body took up by special assignment the veto of the Spanish War Veterans preference and by a vote of 18 to 15 and one pair, sustained him.

The vote follows:
For passing over the veto—Allen, Bagley, Brennan, Chase, Clark, Draper, Fitzgerald, Hallett, Hickey, Horgan, Johnson, Joyce, Mack, McCarthy, McGonagle, Norwood, Timilty, Wells—15.
Opposed—Bazely, Bellamy, Eldridge, Fay, Fisher, Garst, Hersey, Hiltton, Hobbs, McLane, Montague, Stearns, Ward, Wheeler, Williams—15.
Paired—For, Coolidge; against, Gordon.

Reconsider Firemen's Pensions
Pensions were again discussed in the senate yesterday. After a lively debate on the bill to pension state house scrub women on reaching the age of 60, the senate refused to raise the amount from \$3 a week to \$5 and the measure passed the third reading.

Montague of Boston moved reconsideration of the vote whereby the senate on Wednesday rejected his amendment to the Boston firemen's pension bill to make the retirement at 55 years, instead of 50.

Horgan of Boston said the matter had been well thrashed out Wednesday and he desired to know the reason for reconsideration.
Senator Montague said if he understood this bill, a fireman in good health having served the required term can retire at 50, and he thought that 55 years is full early enough for a fireman to retire unless disabled.

Hobbs of Worcester said the bill carried the referendum and he thought that it could safely be left on that.

Clark of Brockton said that this is not merely a Boston bill, but it interests every other municipality that has a fire department. If Boston retires its firemen at 30 it will not be long before the firemen of every other city in the state will be asking the same treatment.

The senate reconsidered its vote on a roll call by a vote of 19 to 12 with two pairs.

Then the other amendment of Senator Montague, rejected yesterday, was reconsidered. It changes the phraseology to provide that at the end of 25 years' service a fireman who has attained the age of retirement may be retired. The amendment was adopted, and then the bill as amended was ordered to a third reading.

The senate by a vote of 10 to 10 refused to postpone till Monday next, on motion of Senator McCarthy, the bill to provide that mechanics and laborers on public works should be paid the same wage as mechanics and laborers employed by private individuals, and by a vote of 20 to 13 the bill was rejected as recommended by the committee.

THREE-MILE RACE

Opportunity for Local Runners to
Compete in Long Distance Event
on June 15 at the South Common

On June 15, the evening scheduled for the holding of the lawn party of St. Margaret's church at the Kaeloo grounds in Thorndike street, there will be a special athletic feature in the form of a three mile run, open, the course to be around the South common. This was decided upon at a meeting of the sports committee last evening.

It is the intention of the committee to make this an exceptional event and one which will go down in the history of Lowell sporting life. As it is there are very few, if any, open track events held in this city to give the amateur runners an opportunity of competing at home and it is well known that there are some fast men in this city. This race will give them an opportunity of showing what they can do and will give their friends a long looked for chance of seeing them in action. The course will be measured and arranged so as to have the finish in front of the Casino grounds for the convenience of the spectators. Entries may be made with Mr. William Whilliston at the post office, Mr. James Hennessy, 301 Dutton street, Mr. James Morrison, 380 Gorham street or John Condon, at the Edison school.

Several of the well known local runners have announced their intention of entering the three mile race and among them are Joe Christo, who made such a good showing in the B. A. A. Marathon, and Goddard, another fast local long distance runner. Goddard and Christo are old rivals and have endeavored on numerous occasions to settle the superiority in a race. The race, however, failed always to materialize and people are still waiting to see the two matched against one another. It is quite probable that this long awaited race will be held on the evening of June 15 provided neither of them backs down before that time. There will be three valuable prizes. The race will start promptly at seven o'clock and the starter will be Mayor James E. O'Donnell.

Lawrence Here for First Time
This Season—Won Game by
Score of 9 to 8

Keen interest of fans, both local and in other cities on the New England league circuit, centered about the game yesterday between the Lawrence champs and Manager Jimmy Gray's outfit representing the Spindle City. It was the first meeting of the two on the diamond this season and both have been playing good ball. Lawrence is in first place with Lowell a good second, and, moreover, Lawrence has had a remarkable record in the league thus far, leading by a good percentage. The Lowell boys, however, nothing daunted, attribute this to a streak of good fortune and today went into the game with the determination once and for all to break the winning streak of their opponents and old-time rivals.

There was a goodly crowd of fans at the park and the bleachers were filled with the old-time "regulars," for many of whom it was their first game this year. People who did not give a rap about the other games up to this time arranged matters so that there would be no danger of their missing the Lowell-Lawrence contest. The spectators numbered in the vicinity of 1400 and included a large delegation from the down-river city, who followed their team.

The weather favored the baseball people and, though it was a little cool, yet not to such a degree as to render the condition of the spectators uncomfortable. The umpire was Roderick, Barron opened the game in the box for Lowell, and Pearson was on the mound for the visitors.

First Inning
Carlstrom flied out to Magee and O'Connell followed with a safe clout to right-center field. He was sent away trying to steal by Monahan to Miller. Bruggy hit a high one which was collected by Clemens.

Lowell capped one tally in the first. Clemens opened with a high one which O'Connell smothered and DeGroff flied away to Bruggy. Miller hit safely to centerfield and stole second. Magee hit through the short stop and Miller scored. Magee going to second on the throw in to the plate. Halstein closed by flied out to Bruggy.

Second Inning
Dee figured in every play this half. Luyster hit to Dee who fumbled but threw to Halstein in time to nail the runner. Mahoney went out by Dee to Halstein and Phoenix flied out to Dee. Monahan hit to Pearson, who tossed him out to Carlstrom. Dee hit safely to short left field but was forced out at second when Smoyer hit one to Cargio. Barron flied out to O'Connell.

Third Inning
In this session Lawrence did things to the disaster of Lowell. Cargio walked and went to second on a sacrifice by Bruggy who was put away by Halstein to Miller, the latter covering the first base. Pearson did not allow Halstein to get a home run over the right field fence scoring Cargio. O'Connell got a two base shot to left field and scored when Bruggy singled to the same garden. Luyster also hit to left and scored Bruggy who had advanced to second base. Mahoney walked and stole second and on the throw to get him, Luyster scored. Both Monahan and Smoyer's throws were poor. Phoenix hit to left field, scoring Mahoney and Cargio closed the half by hitting an error, one which Barron tossed to Halstein.

The third was a fairly profitable inning for the Lowell players also, netting them four runs. Clemens hit to Phoenix, who threw him out to Carlstrom. DeGroff hit safely to right field and Miller was safe at first when Cargio batted his ground. Magee hit safely to left field, hitting the bases. Halstein then drove the ball to right field near the foul line for three bases, scoring DeGroff, Miller and Magee. Monahan hit a foul fly to Mahoney and Halstein scored when Dee doubled to left field along the foul line. Smoyer hit the ball about one foot in front of the plate and was tagged out by Bruggy.

Fourth Inning
Bruggy was out when he hit to Miller. Pearson got a hit to center but was forced out at second when Carlstrom hit to Miller. Carlstrom stole second, but O'Connell's grounder was faked to Halstein by Smoyer.

Barron, the first man for Lowell, was safe when Cargio fumbled his sharp grounder. Martin, a southpaw, started this inning in place of Pearson for Lawrence. Clemens put up a foul fly which the Lawrence catcher took care of. DeGroff flied out to Bruggy in left field, and Miller struck out.

Fifth Inning
Lawrence went out in order in the fifth. Dee scooped up Bruggy's fast grounder and shot it to first ahead of the runner. Barron flied Luyster's slow grounder and Halstein made another out. Mahoney flied out to Barron.

Magee walked but Bruggy caught him at second when he tried to steal. Halstein walked and went out to center base. Bruggy made a great run after Monahan's long fly and finally got under him.

Sixth Inning
Smoyer hit Phoenix hard hit ground-out away from him. Cargio sacrificed him to second. Bruggy popped to Monahan and Martin was out. Barron was out at first when he hit the first ball pitched to Phoenix. The lat-

ter made a great stop and throw to first. Smoyer walked but was forced out at second when Barron hit to Cargio. Clemens rolled an easy one into the pitcher's box which Martin flied to first.

Seventh Inning
Carlstrom flied out to Clemens. O'Connell got a hit to right and took second on DeGroff's error. Bruggy flied out to DeGroff and Dee captured Luyster's high foul after a sprint.

DeGroff hit to Cargio, who threw him out at first. Miller flied to the right. Halstein was walked purposely. Monahan responded to the crowd's yells for a hit and poked the ball into center for a single. Magee scoring on the play. Dee flied out to Carlstrom. One run.

Eighth Inning
Mahoney popped one up which Miller appropriated. Phoenix poked out a good one and the ball slid over the left field fence for a homer. Cargio walked. Bruggy went out, Barron to Halstein. Martin put one down to Miller, which burned the grass but was out at first. One run.

Smoyer opened with a two bagger to left. Barron had two strikes called on him when Daly was sent in to bat for him. Martin shot the first one over the middle of the plate before Daly had a chance to get set. Clemens struck out. DeGroff hit a slow one along the third base line and was safe at first.

Miller was there in the pinch and walked a daisy to left for three bases, scoring both men. Magee flied out to O'Connell. Two runs.

Ninth Inning
Lawrence went in and won the game in their half of the ninth. Carlstrom went out, Miller to Halstein. O'Connell was safe when Smoyer slipped up on his grounder. Bruggy got a two base hit to left but Magee held O'Connell at third. Luyster hit along the first base line and both Monahan and Smith, who replaced Barron in this inning, ran for the ball. This left home plate unprotected and both O'Connell and Bruggy scored. It was a bunched play on Smith's part. Luyster was out at first. Mahoney walked, but Phoenix flied out to Clemens. Two runs.

Halstein opened Lowell's half with a hit but the next three men were not there with the bingle to bring him home. Monahan flied to O'Connell. Bruggy looked after Dee's skyrunner, and Luyster made a great catch off Smoyer's fly along the right field foul line.

Diamond Dazzles
Third place is a good safe berth until the weather warms up the now apparently stiff arms of the Lowell pitchers. With the team hitting the way they are at present it will not take much improvement in the pitching partnership to make a great combination out of Manager Gray's players.

If Roy Smith had belted his position properly we might have been sitting at the park until dark last night, waiting for the extra innings to be finished. The Lowell manager was up against it when he pulled Barron out, for he had practically no one to put on the mound. Smith had pitched only the day before, but it looked as though he could go one inning yesterday. Because neither Daly nor Smith made good in the pinch it was no sign that a mistake in judgment was made.

The Lowell batters wiped the smile from Pearson's face in the third when they found him for four safeties, two of them being extra sackers. There hit an error by Cargio, noticed Lowell, and an error by Cargio, noticed Lowell, and an error by Cargio, noticed Lowell.

By the same token Lowell seems to be able to hit any pitcher. Without question the eight men on the local team are the hardest hitting aggrega-

NEW NAVAL SEAGULL A SUCCESS;
COFFYN SKIMS WATER AND FLIES

WASHINGTON, May 16.—Uncle Sam's new water bird, the flying boat, is a success. The trials held recently at Marblehead, Mass.; showed that the naval seagull could rise from the water within a distance of 1,000 feet, stay in the air for over an hour and ride at anchor in the open sea for more than half an hour. Thus the winger boat met all the requirements of the navy department. Frank Coffyn, the aviator, conducted the trials for the government.

tion of ball players in the league. Smoyer has not been getting on the bases much of late, but he clouts that old ball hard just the same. A man who is sure to hit the ball, whether he is put out on the hit or not, is worth money to a manager.

The ball that Phoenix lifted over the left field fence in the eighth inning was a great big outburst which out the plate in two. All that he had to do was just put his stick in front of it and away it sailed over the fence, fair by ten feet.

The Lawrence outfield is a mighty fast trio of ball players. They made 19 of the 27 putouts for the team without an error and, averaging them together, batted for .428. Some outfielder!

Manager Pieper will certainly talk no matter what kind of a quandary he is in. Some of the umpire's decisions did not suit him yesterday. "Make a noise like an umpire, anyway," yelled Pieper from the first base lines where he was coaching. It would be worth the price of admission to see the Lawrence manager and Umpire O'Brien in a debate.

Breymer's arm was in great shape yesterday. He is a big fellow and has lots of heat behind his throwing whip. The ball travels on a straight line after leaving his hand and travels fast as both Magee and the speedy Halstein found out to their sorrow. Miller was the only man who beat out the ball on a good leave.

CONNIE MACK CONFIDENT

That Athletics Will Win the Pennant

PHILADELPHIA, May 16.—It ever a manager and his squad of players had their hearts set to be champions, that team is Connie Mack's Philadelphia American league club. The tall leader of the former world's champions is frank to admit that he expects to win the championship this year under one condition. That is that the pitchers deliver the goods.

Connie is going to see that they do their work this season, and not lay down on him as they did last year. Up to date only three Athletic pitchers have gone the full nine innings. Connie has switched his usual mode of procedure. Instead of considering the feelings of the pitchers, he is making many and rapid changes in the box during every game. He has a staff of ten pitchers, larger than that of any other major league team.

During their game Connie has three pitchers warming up. The minute the man in the box wobbles the least bit, Connie yanks him out and sends one of the relief pitchers to the mound. If that man falters, another is rushed to his rescue. That explains the unusual sight of two or three Athletic pitchers officiating in one game, whereas the general rule is for one pitcher to go through the distance with the Quakers.

The Athletics \$100,000 infield is as good as gold this year. Melvin, Collins, Barry and Baker are going an even better pace than in the past two years. Strunk, who hit .347, was playing a remarkable outfield game. Eddie Murphy has proved an efficient substitute for Danny Murphy, while adding is hitting and fielding in grand form. The catching staff has been strengthened by the addition of Schang, while Ray Thomas has come back to the form of two years ago.

It now looks as though Cleveland, Boston and Washington will have to do the uphill fighting this year, with the Athletics making the pace. It is a sure thing that Connie has set his mind upon taking every game he can right from the start. He believes that a game won now is as good as a game won in September.

Gorham A. C. Squealed
The Warrens had a game scheduled with the Gorham A. C. for Saturday and failed to put in an appearance at the South common. This looks like quitting cold, and the Warrens ought to retire from baseball if that is their game. We would like to hear the reason for their non-appearance from their manager, for there is always two sides to a story, and we have the version of the Gorham people. The Gorham would like to play the Red Sox on the Crystal or the Tigers of North Billerica. Manager, William Carroll, 131 Gorham street.

They Do Come Back
The N. Y. E's and the Young Dempseys played a hot game on the North common, and the former were victorious by the score of 10 to 5. The same teams will have it out again this coming Saturday.

Man Left Estate Worth Upwards of \$30,000
CHICAGO, May 16.—Out of a job and with just 45 cents in his pocket, James Walters inquired at the general delivery window at the post office yesterday if there was any mail for him. To his surprise he was handed a letter which informed him that his father had died and left him an estate worth upwards of \$30,000.

Burkes Play Tomorrow
The game tomorrow afternoon at Spaulding park between the Burkes and the Progressives of Beverly will begin promptly at 3.15 p. m. unless the weather is so inclement as to make the game impossible. If this last condition exists, however, the game will be played off at an early date at Spaulding park.

Manager Coughlin has definitely announced his choice for tomorrow's slab duty. "Nixey" has picked out "Red" Sharkey for the task of starting off the political war-dancers from Beverly. "Red" is in great condition and has had several offers to go away with clubs in organized ball. The remuneration, however, would not have amounted to as much as the old South End twirler makes at his regular occupation, and he has turned them all down. His old roots, the South End fans, will be on hand in large numbers tomorrow to watch "Red" work.

The rest of the team has not been decided upon by the Burkes' manager as yet. He has a dearth of good material from which to select any players and will use his best judgment in picking his strongest lineup for tomorrow. Following are the list of men and their positions from which the Burkes' team will be chosen: P, Sharkey; c, McGreevey; Clark and Doyle; infielders, Curry, O'Dea, Cashman, Marcotte

It is believed that the vote would be overwhelmingly in favor of the new law, but such action would hold up the effectiveness of the law for the time being, thus gaining the delay for which the administration has asked.
